DURAVIT. INTELLIGENT PRODUCTS FOR LIVING BATHROOMS.

06	VERO
28	DURASTYLE
32	INIPI
36	POOLS
40	SENSOWASH®e
46	DURAVIT RIMLESS®
50	THE BEST TOILET
55	ALL DIMENSIONS

Intelligenz bedeutet verstehen. Duravit versteht die Ansprüche und Wünsche der Badbenutzer. Deshalb setzen wir unser ganzes Wissen und Können dafür ein, Produkte zu entwerfen, die in puncto Design, Technologie und Qualität höchste Standards übertreffen. Dafür wenden unsere Techniker und Ingenieure neueste Technologien und handwerkliche Kunstfertigkeit an. Dafür liefern unsere Designer innovative, überraschende Entwürfe. Und dafür fertigen und verarbeiten wir jedes Stück mit größtmöglicher Sorgfalt. Das Ergebnis sind intelligente Produkte für schöne, funktionale, komfortable und nachhaltige Bäder, die lange für Wohlbefinden sorgen. Intelligenz bedeutet auch, aus einem klar strukturierten Produktprogramm auswählen zu dürfen: Waschtische, WCs, Dusch-WC-Sitze, Badmöbel, Dusch- und Badewannen, Pools, Saunas, Dampfduschen und Accessoires. In dieser Broschüre erwarten Sie viele technische Updates in allen Produktbereichen, ein komplett neues Badmöbelprogramm, viel Neues rund um das Thema WC mit Duravit Rimless® und „The Best Toilet“ von Duravit.

Intelligence means understanding. Duravit understands the needs and requirements of bathroom users. This is why we focus our knowledge and skill on developing products that exceed the highest design, technology and quality standards. Our technicians and engineers demonstrate fine craftsmanship. Our designers produce innovative, surprising ideas. And, we manufacture and finish each individual item with the greatest possible care. The result: intelligent products for beautiful, functional, comfortable and sustainable bathrooms that ensure wellbeing for many years to come. Intelligence also means being able to choose from a clearly-structured product program: washbasins, toilets, shower-toilet seats, bathroom

furniture, shower trays, bathtubs, pools, saunas, steam showers and accessories. This brochure comprises many technical updates in all product areas, information about an entirely new bathroom collection, and lots of exciting news about the Duravit Rimless® toilet and “The Best Toilet” of Duravit.

Intelligenza significa comprendere. Duravit comprende le esigenze e i desideri degli utilizzatori del bagno. È per questo che impieghiamo tutto il nostro sapere e le nostre capacità per la progettazione di prodotti che superino i più elevati standard di design, tecnologia e qualità. Per questo i nostri tecnici ed ingegneri utilizzano tecnologie all'avanguardia e abilità artigianali e i nostri designer ci forniscono progetti innovativi e sorprendenti. Per questo fabbrichiamo e lavoriamo ogni singolo pezzo con la massima cura. Ne risultano prodotti intelligenti per bagni confortevoli, belli, funzionali e sostenibili, che garantiscono benessere per lungo tempo. Intelligenza significa anche poter scegliere fra una gamma di prodotti ben strutturata: lavabi, vasi, sedili elettronici con funzione bidet incorporata, mobili per il bagno, vasche e piatti doccia, minipiscine, saune, cabine doccia con bagno turco e accessori. In questo catalogo trovate molti aggiornamenti tecnici in tutti i settori produttivi, una serie totalmente nuova di mobili per il bagno, tante novità sul tema dei vasi con tecnologia Duravit Rimless® e sul «Best Toilet» di Duravit.

VERO

Konsequent rechteckig. Konsequent komplett.

Die Keramikserie Vero ist heute nicht umsonst ein moderner Designklassiker und seit über einem Jahrzehnt ein Bestseller im Duravit-Sortiment: Die konsequent rechteckige Formensprache erweist sich nicht nur als äußerst elegant, sondern auch als langlebig. Mit dem neuen Badmöbelprogramm avanciert Vero zum Komplettbad: Perfekt abgestimmt auf die Keramik und ebenfalls ganz auf der Form des Rechtecks basierend, überzeugen die Möbel durch eine unverwechselbare Optik, hochwertige Ausstattung, ein umfassendes Programm und vielfältige Einsatzmöglichkeiten. Integraler Bestandteil des Designs, zum Beispiel beim Waschplatz, ist der Kontrast zwischen dem horizontalen Furnierverlauf und dem charakteristischen, vertikalen Möbelgriff. Das Innenleben der Möbel zeigt sich in edlem Diamantschwarz. Im Zusammenspiel zwischen Keramik, Waschtischunterbauten und Konsolen ergeben sich zahlreiche Kombinations- und Anwendungsmöglichkeiten, allesamt mit einer ruhigen, angenehmen Anmutung. Obwohl auf Vero Keramik ausgerichtet, fügen sich die Vero Möbel auch in Kombination mit allen anderen modernen Waschtischprogrammen zu einer harmonischen Einheit.

Consistently rectangular. Consistently complete.

Not without reason is the Vero ceramic series a modern design classic that has now been a Duravit bestseller for more than a decade: its consistently rectangular design is not only elegant but also timeless. With the new bathroom furniture collection, Vero has been promoted to a complete bathroom: perfectly matched to the rectangular form of the ceramics, the furniture boasts a distinctive look, high-quality fittings, sleek and diverse application possibilities. The contrast between the horizontal grain of the veneer and the characteristic vertical handle is an integral part of the design. The interior of the furniture is finished in high-quality

diamond black. The vast available options for ceramics, vanity units and consoles allows for numerous combinations and applications, all of which embody a sense of quiet comfort. While designed with Vero ceramics in mind, the Vero furniture can also be combined with all Duravit washbasin ranges to create a harmonious ensemble.

Sistematicamente rettangolare, sistematicamente completa.

La serie ceramica Vero rappresenta oggi un vero classico moderno del design e da oltre dieci anni è una delle serie Duravit più vendute. Il linguaggio formale sistematicamente rettangolare si rivela non solo estremamente elegante, ma anche estremamente duraturo. Il nuovo programma di mobili promuove Vero a serie completa per il bagno: calibrati perfettamente sulla ceramica e basati contemporaneamente sulla forma rettangolare, i mobili convincono per l'estetica inconfondibile, i complementi preziosi, l'ampia gamma e le innumerevoli possibilità di impiego. Elemento fondamentale del design è, ad esempio nelle basi sottolavabo, il contrasto fra l'andamento orizzontale dell'impiallacciatura e le caratteristiche maniglie verticali. L'interno dei mobili rivela un prezioso colore Nero diamante. Combinando ceramica, basi sottolavabo e consolle si ottengono numerose configurazioni e possibilità di impiego, tutte in una realizzazione ordinata e piacevole. Anche se pensati per la ceramica Vero, i mobili Vero si abbinano armoniosamente anche a tutte le altre serie moderne di lavabi.

Design by Kurt Merki Jr.

Mediterrane Eiche · Mediterranean Oak · Rovere mediterraneo

Die horizontale Maserung und die vertikalen Griffe ergeben einen spannungsvollen Kontrast. Chromfarben und schwertartig schließen die Griffe mit der Vorderkante der Konsole ab – und vervollständigen das Ensemble zu einer kubischen Einheit. Stimmungsvolle Option: die LED-Ambiente-Beleuchtung unterhalb der Konsole.

The horizontal grain and vertical handles produce an exciting contrast. Sleek and distinctive, the chrome handles finish at the front edge of the console and perfectly complete the “cubic” picture. A unique option: LED ambient lighting below the console.

La venatura orizzontale e le maniglie verticali offrono un contrasto entusiasmante. Le maniglie, cromate ed ergonomiche, terminano a filo con il piano della consolle e completano l'impostazione a cubo dell'insieme. Optional suggestivo è l'illuminazione a LED sotto la consolle.

Für Ordnung sorgt das in den Waschtischunterbau optional integrierte Schubladensystem. Die Innenwände der Schublade sind aus elegantem Diamantschwarz gefertigt. Optional sind die Konsolen mit einem seitlichen chromfarbenen Handtuchhalter lieferbar.

The vanity unit's integrated drawer system keeps everything tidy. The inside walls of the drawer are finished in elegant diamond black. The consoles are optionally available with a chrome towel rail at the side.

Un sistema optional di suddivisione interna dei cassetti della base sottolavabo provvede a fare ordine. Le pareti interne dei cassetti sono realizzate nell'elegante colore Nero diamante. A richiesta, le consolle sono disponibili con un portasciugamani cromato laterale.

Der großzügige Vero Möbelwaschtisch bietet jede Menge Ablagefläche, und das in den Breiten 800, 1000 und 1200 mm. Genau wie die Vero Aufsatzbecken lässt er sich perfekt mit den Vero Waschtischunterbauten und Konsolen kombinieren.

The spacious Vero furniture washbasin offers ample storage space and is available in widths of 800, 1000 and 1200 mm. Just like the Vero surface-mounted basin, the furniture washbasin can be combined to optimum effect with the Vero vanity units and consoles.

L'ampio lavabo console Vero offre tutta la superficie d'appoggio desiderata perché disponibile nelle larghezze 800, 1000 e 1200 mm e, proprio come le bacinelle della stessa serie, si abbina perfettamente alle basi sottolavabo e alle consolle Vero.

Unverwechselbare Optik: Vero Badmöbel in der Oberfläche Weiß Hochglanz. So, wie bei den Unterbauten der Chromgriff mit der Vorderseite der Keramik abschließt, ist auch bei Hoch- und Halbhochschrank die Griffposition aufeinander abgestimmt.

A distinctive look: Vero bathroom furniture in the high-gloss white finish. Just as the vanity unit's chrome handle finishes at the front edge of the ceramic, so is the position of the handle carefully aligned with the tall and semi-tall cabinets.

Estetica inconfondibile: i mobili Vero in finitura Bianco lucido. Se nelle basi sottolavabo la maniglia cromata rimane a filo con il bordo anteriore della ceramica, anche nelle colonne delle diverse altezze la posizione della maniglia è allineata.

Weiß Hochglanz · White High Gloss · Bianco lucido

Tessiner Kirschbaum · Ticino Cherry Tree · Ciliegio del Ticino

Vero Badmöbel in der Oberfläche Tessiner Kirschbaum. Wie bei allen anderen Oberflächen ist auch hier eine passende Wannenvorwandverkleidung erhältlich. Die Vero Badewanne gibt es nicht nur als Vorwandversion, sondern auch als Eck- und Nischenversion.

Vero bathroom furniture in the new Ticino Cherry Tree finish. As with all the other finishes, matching bath panelling is available. The Vero bath is not just available in a back-to-wall version but also in corner and niche models.

Mobili per il bagno Vero nella finitura Ciliegio del Ticino. Come per tutte le altre finiture, anche per questa sono disponibili i relativi pannelli di rivestimento per le vasche, non solo per installazione a parete, ma anche angolare e in nicchia.

Ein schönes Detail beim Vero Spiegelschrank: die seitliche Spiegelleiste. Die LED-Beleuchtung ist optional dimmbar. Als besonderes Highlight zeigt sich der Hochschrank mit Spiegeltür, innen und außen verspiegelt.

The mirror edge strip is an attractive detail of the Vero mirror cabinet, further highlighted by optionally-dimmable LED lighting. The tall cabinet with mirrors on both the inside and outside of the door is a particular highlight of the collection.

Un bel dettaglio dell'armadietto a specchio Vero: anche i profili laterali sono a specchio. A richiesta, l'illuminazione LED è regolabile tramite dimmer. Cattura lo sguardo la colonna con anta a specchio, sia sul lato esterno che interno.

Hochwertig: Dieser Möbelwaschtischunterbau besitzt ein offenes Fach, die Innenseite wird in der jeweiligen Möbelloberfläche gefertigt, hier in Eiche dunkel gebürstet. Schön und praktisch zugleich: der auf der Vorderseite angebrachte Handtuchhalter. Passend: Die konsequent rechteckigen Vero WCs und Bidets sind in Wand- und Standversionen lieferbar.

High-quality: this vanity unit has an open compartment; the inside is in the respective furniture finish, shown here in Dark Brushed Oak. Attractive and practical: the front-mounted towel rail. Choosing the right model: the consistently rectangular Vero toilets and bidets are available in both wall-mounted and free-standing versions.

Prezioso: questa base sottolavabo offre un ripiano a giorno le cui pareti interne sono realizzate nella stessa finitura dell'esterno, qui in Rovere moro spazzolato. Bello e al tempo stesso pratico: il portasciugamani installato nella parte frontale. Coordinati: i vasi e i bidet Vero rettangolari sono disponibili nelle versioni sospesa e a pavimento.

Eiche dunkel gebürstet · Dark Brushed Oak · Rovere moro spazzolato

Homogene Einheit: Die Möbelumrahmung des Spiegelements wird fugenlos und mit fortlaufendem Furnierverlauf gefertigt. Wahlweise auch mit praktischen, integrierten Ablageflächen seitlich und unten.

A homogeneous unit: the frame around the mirror has no joints and features a continuous veneer. Optionally available with practical, integrated shelves at the side and below.

Unità omogenea: la struttura che incornicia lo specchio è realizzata senza fughe e con un andamento continuo dell'impiallacciatura. A richiesta, è disponibile con ripiani integrati laterali e in basso.

Abmessungen und Oberflächen der Vero Badmöbel wurden perfekt auf die bestehende Vero Keramik abgestimmt. Dazu passt hervorragend die klassische Formensprache der Accessoire-Linie Karree. Das komplette Vero Programm sowie alle anderen, passenden Keramikserien finden Sie auf www.duravit.de/vero

The dimensions and finishes of the Vero bathroom furniture have been finely tuned to the existing Vero ceramics, and the classical design of the Karree range of accessories provides the ideal complement to these. You will find the entire Vero programme, as well as all other matching ceramic ranges, at www.duravit.com/vero

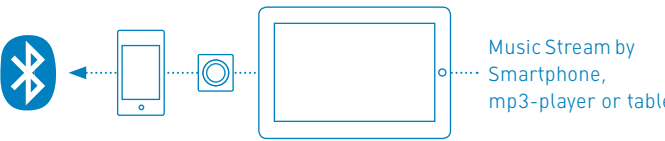

Le dimensioni e le finiture dei mobili per il bagno Vero sono state pensate appositamente per la ceramica Vero esistente. Alla serie si abbina perfettamente anche il linguaggio formale classico degli accessori Karree. Potete trovare la serie completa Vero e tutte le altre serie ceramiche coordinate sul sito www.duravit.it/vero

Den Vero Spiegelschrank gibt es auch mit integriertem Soundsystem, das via Bluetooth-Musicstream funktioniert. Die speziell für den Einsatz im Badezimmer entwickelte Bauweise garantiert einen weichen und dennoch satten, sauberen Klang.

The Vero mirror cabinet also comes with an integrated sound system that works via Bluetooth music streaming. Specially-designed for use in the bathroom, it ensures a soft, yet rich and clean sound.

L'armadietto a specchio Vero è disponibile anche con il sistema integrato Sound, che permette lo streaming musicale tramite Bluetooth. La struttura è stata progettata specificatamente per l'utilizzo in bagno e garantisce un suono morbido e tuttavia intenso e pulito.

Übertragung des Keramik-Designs auf die Badmöbel

- Proportionen und Dimensionen sorgfältig ausbalanciert
- Wiederkehrende Materialstärken und Abmessungen
- Lineare und einheitliche Optik

Hohe Eigenständigkeit

- Markanter, vertikaler schwertartiger Griff
- Möbelfront zurückgesetzt, Griff vervollständigt das Ensemble zu einer kubischen Einheit
- Unverwechselbare Optik durch horizontale Maserung

Umfassendes Programm, vielfältige Einsatzmöglichkeiten

- Konsolen, Waschtischunterbauten, Hoch- und Halbhochschränke, Spiegelschränke, Spiegelemente mit Ablageflächen seitlich und unten
- Neue, charakteristische Oberflächen in hochwertiger Verarbeitung
- Auf Vero ausgerichtet, jedoch zu allen modernen Badserien passend

Wertigkeit der Ausstattung

- Innenausführung in Diamantschwarz
- Sanft schließendes Schubladensystem mit integrierter Korpuschienenführung, synchronisiertem Schwebelauf und gedämpften Selbsteinzug
- Optional erweiterbar mit
 - Duravit Soundsystem
 - LED Dimmfunktion
 - edlen Handtuchhalterelementen in Chrom Hochglanz
 - Konsolen mit LED Ambiente-Beleuchtung
 - Einrichtungssystem in Ahorn oder Nussbaum massiv

Vielfältige Individualisierungs- und Erweiterungsoptionen

- Spiegelschränke mit Soundsystem und LED Dimmfunktion
- LED Ambiente-Beleuchtung für Konsolen
- Integrierte Handtuchhalter in Chrom

Transferring ceramic design to bathroom furniture

- Perfectly balanced proportions and dimensions
- Uniform material thickness and dimensions
- Linear, consistent look

Highly original

- Striking, vertical strip handle, inset into drawer front
- Recessed, the handle adds a perfect finishing touch to the cubic unit
- Distinctive appearance thanks to horizontal texture

Comprehensive range offers many possible applications

- Consoles, vanity units, tall cabinets, semi-tall cabinets, mirror cabinets, mirror elements with lateral and bottom shelves
- New, distinctive surface finishes with high-quality craftsmanship
- Designed to fit Vero, yet matches all Duravit bathroom ranges

Quality of the interior

- Interior drawer modules in diamond black
- Integrated, soft-closing drawer system with integral runners and synchronised levitating action
- Optional:
 - Duravit sound system
 - LED dimming function
 - Stylish towel rails in chrome
 - Consoles with LED ambient lighting
 - Wooden drawer dividers in maple or solid walnut

A wide range of options for customizing – and some extras!

- Mirror cabinets with sound system and LED dimmer feature
- LED ambient lighting for consoles
- Integral towel rail in chrome

Trasposizione del design della ceramica ai mobili per il bagno

- Proporzioni e dimensioni accuratamente equilibrate
- Stessi spessori dei materiali e stesse dimensioni
- Aspetto lineare e uniforme

Grande personalità

- Caratteristica maniglia verticale ergonomica, posizionata sul frontale
- Frontali dei mobili arretrati, con la maniglia a filo che completa l'insieme rendendolo un cubo unitario
- Estetica inconfondibile grazie alla venatura orizzontale

Ampio assortimento, numerose possibilità di impiego

- Consolle, basi sottolavabo, colonne e colonne basse, armadietti a specchio, specchi con ripiani laterali e in basso
- Nuove caratteristiche finiture con lavorazioni di pregio
- Pensati per Vero, ma abbinabili a tutte le serie moderne per il bagno

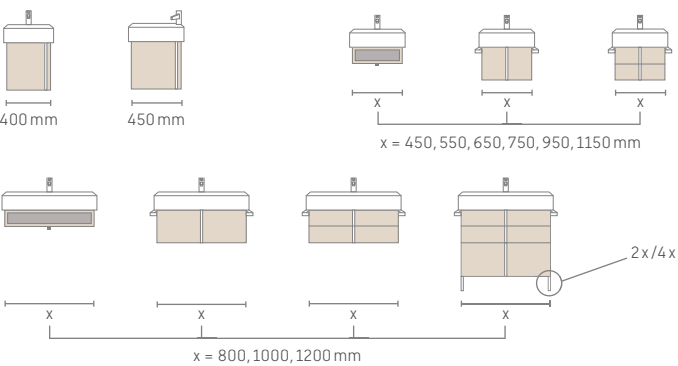

Dotazioni preziose

- Interni realizzati in Nero diamante
- Cassetti a chiusura rallentata con guide di scorrimento integrate e sincronizzate
- A richiesta sono disponibili gli optional
 - Sistema Sound Duravit
 - Funzione dimmer per LED
 - Eleganti portasciugamani cromati lucidi
 - Consolle con illuminazione emozionale LED
 - Sistema di suddivisione interna in Acero o Noce masselli

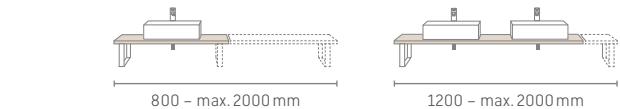

Tante opzioni di personalizzazione e di completamento

- Armadietti a specchio con sistema Sound e funzione dimmer per LED
- Illuminazione emozionale LED delle consolle
- Portasciugamani cromato integrato

Bestseller DuraStyle.

Neue Produkte für Home und Project.

Während im privaten Bad vor allem Individualität und Komfort gefragt sind, stehen im Projektbereich Funktionalität und Preis-Leistungs-Verhältnis an erster Stelle. Unterschiedliche Anforderungen, denen mit unterschiedlichen Lösungen begegnet werden muss. Deswegen hat Duravit das Kompletprogramm DuraStyle gezielt in zwei Ausprägungen entwickelt: **DuraStyle Home** für das Privatbad, **DuraStyle Project** für den Projektbereich. Eine große Aufgabe: Um jedem Grundriss, jedem Einsatzzweck und jeder Geschmacksausprägung zu genügen, erfordert es eine bewusste gestalterische Zurückhaltung. Dabei bleibt die Serie gerade in ihrer formalen Schlichtheit unverwechselbar – und setzt so einen neuen Standard im Bad.

Bestseller DuraStyle.

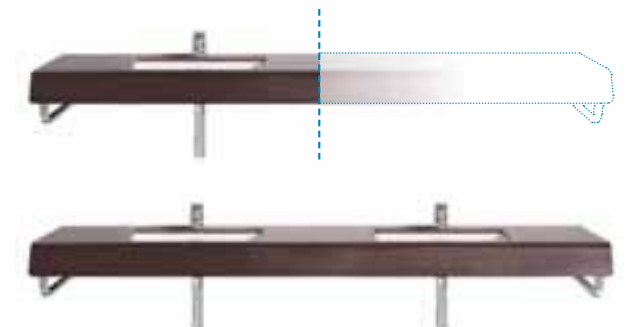

New products for private homes and projects.

While in private bathrooms the main priority is individuality and comfort, in project business, practicality and value for money are at the top of the agenda. Different requirements that demand different solutions. This is why Duravit developed two versions of the DuraStyle complete bathroom range: **DuraStyle Home** for the private bathroom, and **DuraStyle Project** for the project business. This was indeed a mighty task: deliberate design restraint is required in order to meet the needs of every layout, every purpose and every taste. The range is distinctive in its formal simplicity – and sets a new standard in the bathroom.

La serie di successo DuraStyle ora con nuovi prodotti per il settore Home e Project.

Se nel bagno privato si chiedono soprattutto personalizzazione e confort, nel settore pubblico e semipubblico sono fondamentali funzionalità e rapporto qualità/prezzo/prestazione. Esigenze diverse cui bisogna rispondere con soluzioni diverse. È per questo che Duravit ha sviluppato la serie completa DuraStyle in due indirizzi mirati: **DuraStyle Home** per il settore privato e **DuraStyle Project** per il settore grandi progetti. Un compito impegnativo: per soddisfare le esigenze di qualsiasi dimensione del bagno, qualsiasi impiego e qualsiasi gusto personale, è necessaria una progettazione volutamente discreta. Perciò la serie rimane inconfondibile per la sua semplicità formale, stabilendo nuovi parametri nel bagno.

800 – max. 2000 mm

DuraStyle Waschtisch-Lösungen jetzt auch für die Bereiche Medizin und Pflege: DuraStyle Med (ohne Überlauf, mit Hahnlochbank) und die mit dem Rollstuhl unterfahrbaren Varianten DuraStyle Vital (mit Überlauf, mit Hahnlochbank) und DuraStyle Vital Med (ohne Überlauf, mit Hahnlochbank). Passend dazu: das komfortable Wand-WC DuraStyle Vital Rimless.

DuraStyle washbasin solutions are also available for the medical sector: Med (without overflow, with tap platform), the wheelchair-friendly DuraStyle Vital (with overflow, with tap platform) and DuraStyle Vital Med (without overflow, with tap platform). To match: the comfortable wall-mounted toilet DuraStyle Vital Rimless.

Soluzioni lavabo DuraStyle ora anche per il settore medico: DuraStyle Med (senza troppopieno, con foro per rubinetteria), DuraStyle Vital accessibile alle persone con disabilità (con troppopieno e foro per rubinetteria) e DuraStyle Vital Med (senza troppopieno, con foro per rubinetteria), abbinabili al comodo vaso sospeso DuraStyle Vital Rimless.

Ein Komplettsystem in zwei Ausführungen

- **DuraStyle Home** für das Privatbad, passend für jedes Platzangebot und jeden Einrichtungsstil
- **DuraStyle Project** für den Projektbereich, geeignet für verschiedenste Einsatzbereiche: Hospitality, Food + Beverage, Residential Construction, Commercial + Office, Medizin und Pflege

Zurückhaltendes, aber unverwechselbares Design

- Markante Keramikante, die sich durch das gesamte Programm zieht
- Mix aus offenen und geschlossenen Möbelanwendungen
- Wannen mit charakteristischer Aufkantung
- Formal schlicht, aber eigenständig

Umfassendes Programm, vielfältige Einsatzmöglichkeiten

- Waschtische, Einbau- und Möbelwaschtische, Aufsatzbecken und Handwaschbecken in zahlreichen Abmessungen
- Vielzahl von Konsolen, Waschtischunterbauten, Hoch- und Halbhochschränke, Möbelaccessoires für unterschiedlichste Möbellösungen
- Wand- und Stand-WCs und –Bidets in verschiedenen Ausladungen und Ausführungen, Wand-WCs mit offener und verdeckter Befestigung, Wand-WCs kombinierbar mit Dusch-WC-Sitz SensoWash® e
- Bade- und Whirlwannen mit Acryl- und Möbelverkleidung, in Einbau-, Vorwand- und freistehenden Versionen

Neue Modelle im Keramik- und Möbelbereich

- Med-Waschtische in unterschiedlichen Ausladungen ohne Überlauf, Vital-Waschtisch mit und ohne Überlauf
- Asymmetrischer Möbelwaschtisch mit Becken wahlweise links oder rechts in 1000 mm Breite und den passenden Möbelunterbauten
- Holzkonsole mit einem oder zwei Waschtischausschnitten in Längen von bis zu 2000 mm, optional mit Schubkastenablage
- Wand-Bidet mit Durafix
- Wand-WCs nun in allen Komfortklassen, von Standard bis Luxus mit SensoWash® e und Duravit Rimless®

A complete program in two variants

- **DuraStyle Home** for the private bathroom, adapts to any space and furnishing style
- **DuraStyle Project** for the business sector, suitable for a wide variety of applications: hospitality, food + beverage, residential construction, commercial + office, medical sector

Understated but distinctive design

- Striking ceramic edge featured throughout the collection
- Mix of open and closed furniture styles
- Baths with distinguishing rim
- Simple but distinctive design

Comprehensive program, diverse applications

- Washbasins, built-in and furniture washbasins, surface-mounted basins and handrinse basins in a vast range of different dimensions
- Variety of consoles, vanity units, tall and semi-tall cabinets, furniture accessories for a wide variety of furniture solutions
- Wall-mounted and floor-standing toilets and bidets with different projections and designs, wall-mounted toilets with open and concealed fastening, wall-mounted toilets can be combined with the SensoWash® e shower-toilet seat
- Baths and whirl tubs with acrylic and furniture panelling, in built-in, back-to-wall and free-standing versions

New ceramic and furniture models

- Med washbasins with different projections without overflow, Vital washbasin with and without overflow
- Asymmetrical furniture washbasin with bowl on either the left or right, 1000 mm wide, with matching vanity units
- Wooden console with one or two washbasin cut-outs in lengths of up to 2000 mm, optionally available with shelves with drawer
- Wall-mounted bidet with Durafix
- Wall-mounted toilets now available in all levels of comfort, ranging from standard to luxury, with SensoWash® e and Duravit Rimless®

#2536090000 (540 mm)

#2552090000 (540 mm)

#2542590000 (620 mm)

Duravit Rimless®

Der WC-Bereich erfährt ein bedeutendes Upgrade. Nun sind DuraStyle-Wand-WCs in sämtlichen Komfortklassen erhältlich: WCs mit offener oder verdeckter Befestigung. Mit oder ohne Duravit Rimless® Technologie. WC-Sitze mit oder ohne SoftClose-Funktion. Oder alternativ den passenden SensoWash® Dusch-WC-Sitz dazu.

A significant upgrade to toilet range. DuraStyle wall-mounted toilets are now available in all levels of comfort: toilets with open or concealed fastening; with or without Duravit Rimless® Technology; with or without SoftClose function and an alternative option: the matching SensoWash® shower-toilet seat.

Anche i vasi sono stati notevolmente aggiornati. Ora i vasi sospesi DuraStyle sono disponibili in tutte le classi di confort: vasi con fissaggi visibili o nascosti, con o senza tecnologia Duravit Rimless®, abbinabili a sedili con o senza SoftClose o, in alternativa, al sedile elettronico con funzione bidet integrata SensoWash®.

Una serie completa in due versioni

- **DuraStyle Home** per il bagno privato, adattabile a qualsiasi spazio disponibile e a qualsiasi stile di arredamento
- **DuraStyle Project** per il settore pubblico e semipubblico, destinato ai settori più diversi di utilizzo: Hospitality, Food + Beverage, Residential Construction, Commercial + Office, Settore medico

Design discreto, ma inconfondibile

- Spiccato bordo di ceramica, presente in tutta la serie
- Mix di mobili con scomparti chiusi e a giorno
- Vasche con il caratteristico rialzo sul bordo posteriore
- Formalmente semplice, ma autonomo

Ampio assortimento, numerose possibilità di utilizzo

- Lavabi, lavabi da incasso e lavabi consolle, bacinelle da appoggio soprapiano e lavamani in tante dimensioni
- Pluralità di consolle, basi sottolavabo, colonne e colonne basse, strutture portasciugamani per le soluzioni più diverse di mobili
- Vasi e bidet a pavimento e sospesi in diverse profondità e versioni, vasi sospesi con fissaggi visibili e nascosti, vasi sospesi abbinabili al sedile elettronico SensoWash® e
- Vasche con e senza idromassaggio con pannelli di rivestimento in acrilico o in finitura legno, nelle versioni da incasso, da appoggio a parete e centro stanza

Nuovi modelli di ceramica e di mobili

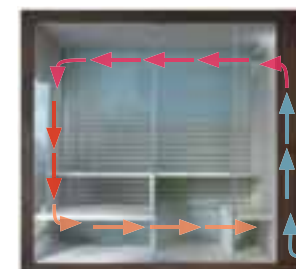

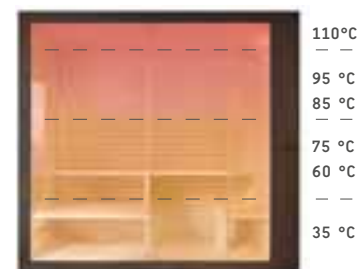

- Lavabi Med con diverse profondità e senza troppopieno, lavabo Vital con e senza troppopieno
- Lavabi consolle asimmetrici con bacino a scelta a destra o a sinistra larghi 1000 mm e basi sottolavabo abbinata
- Consolle in legno con uno o due tagli per lavabo, lunghe fino a 2000 mm, abbinabili alle mensole con cassette
- Bidet sospeso con fissaggi nascosti Durafix
- Vasi sospesi in tutte le classi di confort, dalla standard al lusso con SensoWash® e e Duravit Rimless®

Bei dem Befestigungssystem Durafix bleiben alle Schrauben hinter den geschlossenen WC-Seiten verborgen. Mit der Duravit Rimless® WC-Spültechnologie sind selbst bei kleinen Wassermengen perfekte Spülergebnisse garantiert.

With the Durafix attachment system, all screws are concealed behind the concealed sides of the toilet. The Duravit Rimless® toilet flushing technology ensures perfect flushing results, even with small volumes of water.

Con Durafix le viti di fissaggio rimangono nascoste all'interno del vaso in ceramica. I vasi dotati della nuova tecnologia Duravit Rimless® garantiscono uno sciacquo perfetto anche con ridotte quantità d'acqua.

Die optimierte Heizleistung ermöglicht ein Aufheizen bis 110 °C unterhalb der Decke. Im Bereich der oberen Liegeebene beträgt die Temperatur ca. 75 °C und oberhalb der unteren Sitz- und Liegeebene ca. 60 °C.

After optimising the heater, a maximum temperature of 110 °C can be attained below the ceiling. In the upper lying area, the temperature is approx. 75 °C and, below the lower sitting and lying area, approx. 60 °C.

Il riscaldamento migliorato permette di raggiungere i 110 °C sotto il soffitto. A livello della panca superiore la temperatura è di ca. 75 °C e seduti o stesi su quella inferiore ca. 60 °C.

Besser saunieren dank neuem Temperaturprofil.

Mit Inipi hat Duravit ein Sauna-Programm für Wohnbereich und Bad kreiert – ausgezeichnet in seinem Design, innovativ in seiner Technologie und vollwertig in seinem Komfort. Permanent werden bei Duravit Produkte weiterentwickelt. Bei Inipi entstand so eine neue Generation. Die wichtigste technische Neuerung: ein besonders leistungsfähiger Ofen, einheitlich mit keramischen Saunasteinen bestückt. Diese sind im Vergleich zu Natursteinen belastbarer und langlebiger und müssen während der typischen Lebenszeit einer Sauna nicht ausgetauscht werden. Der Einsatz dieses Ofentyps ermöglicht eine geräuschlose Wohlfühl-Atmosphäre. Darüber hinaus sorgt die Optimierung für noch bessere Klimabedingungen und für ein noch schöneres, wohltuenderes Saunaerlebnis. Wie gewohnt ist auch bei der neuen Inipi Generation die komplette Technik in der Verlängerung der Seitenwand verborgen. Die vollverglaste Saunafront schafft mehr Raum für Entspannung von Körper, Geist und Auge.

A better sauna experience thanks to new temperature profile.

With Inipi, Duravit has created a sauna program for the living area and bathroom – outstanding in its design, innovative in its technology and exceptional in its comfort. Duravit continues to develop its products on an ongoing basis, and this has led to a new generation of Inipi. The most important technical innovation is an especially efficient heater that is fitted with ceramic sauna stones. These are more hard-wearing and durable than natural stones and do not have to be replaced during the typical service life of a sauna. The use of this type of heater creates a silent, relaxing atmosphere. In addition, optimising the various temperature zones ensures even better

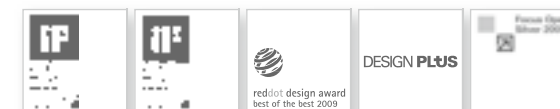

climatic conditions and a more enjoyable and beneficial sauna experience. In the new generation of Inipi saunas, all of the technology is still concealed, but remains accessible in the side wall extension. The fully glazed front of the sauna creates more space for relaxation of the eyes, body and soul.

Una sauna migliore grazie ad un nuovo programma di temperature.

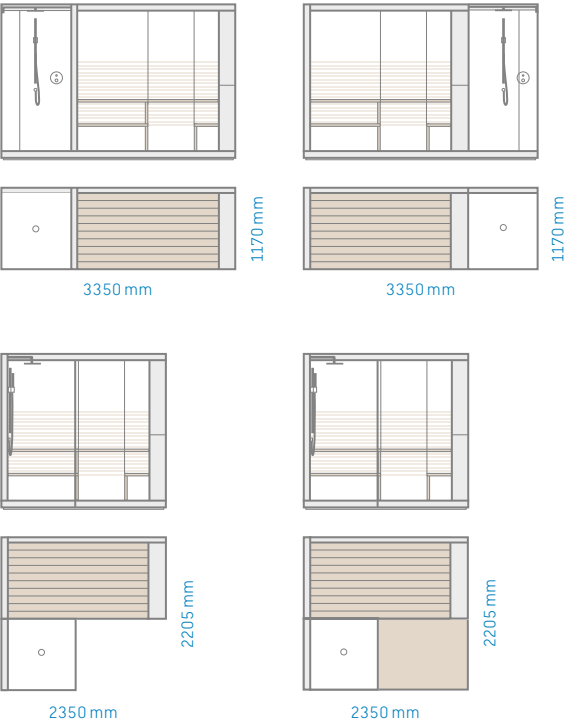

Con Inipi, Duravit ha creato una serie di saune adatte sia al soggiorno che al bagno, contraddistinte da eccellente design, tecnologia innovativa e grande confort. I prodotti Duravit sono continuamente aggiornati, per questo è nata una nuova generazione di Inipi. La principale novità tecnica è rappresentata da una stufa particolarmente performante, ricoperta uniformemente di sassi di ceramica che, rispetto alle pietre naturali, sono più resistenti, durano più a lungo e non devono essere sostituiti nel corso del periodo tipico di vita della sauna. L'utilizzo di questo tipo di stufa crea una sensazione di benessere in assenza di rumore. Inoltre, sono state ulteriormente migliorate le condizioni di climatizzazione per rendere l'esperienza in sauna ancora più bella e benefica. Anche nella Inipi di nuova generazione, il vano tecnico è nascosto nel prolungamento della parete laterale. Il fronte della sauna è costituito da una grande vetrata, che crea più spazio per il rilassamento di corpo, spirito e occhi.

INIPI AMA (Höhe/Height/Alt. 2220 mm)

INIPI (Höhe/Height/Alt. 2220 mm)

INIPI (Höhe/Height/Alt. 2220 mm)

Ob Wohnbereich, geräumiges Badezimmer oder kleiner Raum: Mit acht verschiedenen Varianten, von Inipi B Super Compact bis Inipi Ama mit separater Dusche, deckt die Inipi Familie alle räumlichen Gegebenheiten und Preisklassen ab – und bietet immer komfortables Saunavergnügen.

Whether for the living area, a spacious bathroom or a small room, the Inipi range of showers has something for all room layouts and all price categories. It is available in eight variants, ranging from the Inipi B Super Compact to the Inipi Ama with separate shower, and always offers a comfortable sauna experience.

In soggiorno, in un bagno spazioso o in un piccolo ambiente, le otto versioni della famiglia Inipi, da Inipi B Super Compact a Inipi Ama con doccia abbinata, coprono tutte le esigenze di spazio e tutti i livelli di prezzo e offrono sempre il confort e il piacere di una sauna.

Inipi und Inipi Ama, Saunavergnügen technologisch auf dem neuesten Stand.

Meilenstein im Sauna-Design

- Vollverglaste Front lässt Umgebung und Sauna verschmelzen
- Flächig LED-beleuchtete Rückwand für stimmungsvolle Wohlfühl-Szenarien
- Technik ist stets verfügbar, jedoch unsichtbar

Völlig neuartige Möglichkeiten der Raumgestaltung

- Tageslicht-SPA im Bad oder Wohnraum (statt Kellerversteck)
- Kompakte Außenmaße, zwei Breiten, sechs Möbeloberflächen
- Kombination mit vollwertiger Dusche im Front- oder Seitenbereich der Sauna

Technik auf dem neuesten Stand

- Perfektioniertes Saunaklima, unterschiedliche Temperaturzonen
- Verdeckter Saunaofen mit besonders langlebigen, keramischen Saunasteinen
- Geräuschloses Vorheizen auch per Timer

Komfortable Bedienung für stimmungsvolles Entspannen

- Programmierte Klang- und Klimaszenarien
- Individuelle Einstellung der Luftfeuchtigkeit, Aufguss per Knopfdruck
- Steuerung per Fernbedienungs-Stein

Top-Service und Wartungsprogramm

- Professionelle Saunaberatung durch den Duravit-Kundendienst
- Partnermontage zur optimalen Unterstützung bei Planung und Installation

Inipi and Inipi Ama, the very latest technology for optimising the sauna experience.

Milestone in sauna design

- Fully-glazed front allows the sauna to merge with the room
- Extensive LED-lit rear panel provides a feel-good atmosphere
- Technology is always at hand, yet invisible

Totally new scope for interior design

- Daylight spa for the bathroom or living area (rather than hiding it in the cellar)
- Compact outer dimensions, two widths, six furniture finishes
- Combination with full-fledged shower at the front or side of the sauna

State-of-the-art technology

- Perfect sauna climate with different temperature zones
- Concealed sauna heater with durable ceramic sauna stones
- Especially quiet sauna experience, heats up silently, with timer option

Comfortable operation for atmospheric relaxation

- Pre-set sound and climate scenarios
- Individual adjustment of humidity and water-control at the push of a button
- Control settings by means of remote control “stone”

Top service and maintenance program*

- Duravit Customer Services provides professional advice on saunas
- Partner assembly for optimized support during planning and installation

Inipi e Inipi Ama, il piacere della sauna e la tecnologia più avanzata.

Pietra miliare del design delle saune

- Il fronte completamente in vetro fonde insieme l'ambiente e l'interno della sauna
- Parete posteriore retroilluminata a LED per scenari emozionali di benessere
- Vano tecnico sempre accessibile, ma nascosto

Possibilità totalmente nuove di configurare l'ambiente

- Una zona benessere con luce naturale in bagno o nel soggiorno (non più nascosta)
- Dimensioni compatte, due larghezze, sei finiture
- Combinazione con elemento doccia nella parte frontale o laterale della sauna

La tecnologia più avanzata

- Climatizzazione perfezionata, zone con temperature diverse
- Stufa nascosta con sassi di ceramica particolarmente resistenti
- Preriscaldamento silenzioso anche mediante timer

Funzionamento facile e rilassamento emozionale

- Programmi preimpostati di suoni e temperature
- Regolazione personale dell'umidità dell'aria, gettata di vapore tramite un pulsante
- Telecomando a forma di pietra

Servizio di supporto e manutenzione programmata

- Consulenza professionale tramite il servizio clienti Duravit
- Full Service Duravit gratuito tramite i Centri di Assistenza Tecnica autorizzati

INIPI B (Höhe/Height/Alt. 2130 mm)

INIPI B SUPER COMPACT (Höhe/Height/Alt. 2130 mm)

Inipi B und Inipi B Super Compact bieten vollwertiges Saunieren zu bestem Preis-Leistungs-Verhältnis – bei bewährter Technologie und höchstem Designanspruch.

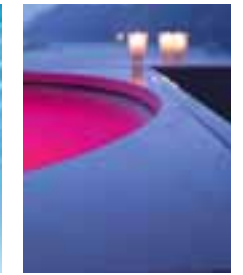

Inipi B and Inipi B Super Compact offer an exceptional sauna experience at great value for money – with proven technology and outstanding design.

Inipi B e Inipi B Super Compact offrono una vera sauna con il miglior rapporto qualità/prezzo/prestazione, tecnologia sicura e alto livello di design.

POOLS

Design by E00S

Neu: Top-Design mit aktualisierter Technik.

Poolssysteme von Duravit versprechen nicht nur ein unvergleichliches Whirlpool- und Badeerlebnis, sie bieten ganz klare Vorteile in Sachen Funktion, Komfort und Effizienz. Diese wurden jetzt nochmals optimiert. Sowohl bei Sundeck als auch bei Blue Moon wurden alle Heiz- und Hygienesysteme sowie die Steuerung für Jets und Düsen mit der neuesten Generation ausgestattet. Filtertausch und Wasserwechsel wurden erheblich vereinfacht, ohne Abstriche bei der reduzierten, hochwertigen Formgebung zu machen: Durch die jetzt zehnfache Filterfläche werden die Intervalle zwischen den Filterwechseln deutlich länger. Entleert wird der Pool ganz bequem über das Bedienfeld, optional auch befüllt. Der Einsatz eines neuen, um 9 dB leiseren Gebläses bewirkt eine um 50% geringere Geräuschwahrnehmung und zudem eine Energieeinsparung von 40%. Und apropos Energie: Die für Duravit-Pools verwendete Niedrigenergie-Zirkulationspumpe hat einen Verbrauch von nur 115 Watt, das bedeutet rund 75% weniger als vergleichbare Produkte anderer Hersteller.

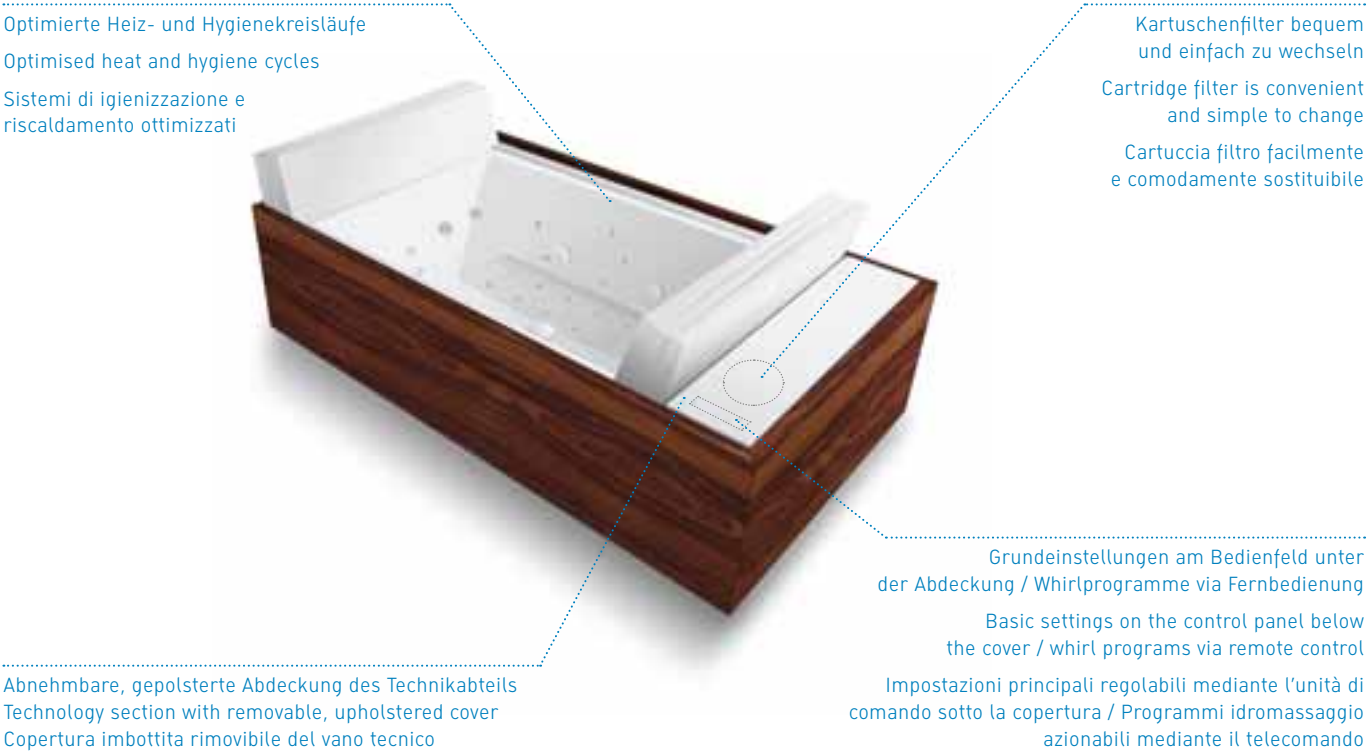

New: top design with updated technology.

Pool systems by Duravit not only offer an incomparable whirlpool and bathing experience, but also clear advantages in terms of function, comfort and efficiency – and now, they have now been optimized even further. In both the Sundeck and the Blue Moon pools, all hygiene and temperature systems have been updated with the very latest technology, as have the control systems for jets and nozzles. Replacing the filter and changing the water is now much easier, while the premium design remains unchanged. As the filter now has ten times the previous surface area, the intervals

between changing the filter are much longer. It is easy to empty or fill the pool via the control panel. A new fan, which is 9 dB quieter, reduces the noise by 50% and results in an energy saving of 40%. And while we're talking about energy, the low-energy circulation pump used in Duravit pools has a consumption of just 115 Watts, which is about 75% less than comparable products by other manufacturers.

Novità: design al top e tecnologia all'avanguardia.

Le minipiscine di Duravit non promettono solo un'ineguagliabile esperienza di bagno e idromassaggio, ma offrono chiari vantaggi in termini di funzionalità, confort ed efficienza, oggi ancora più di ieri. Sia in Sundeck che in Blue Moon i sistemi di igienizzazione e riscaldamento e il comando delle bocchette sono stati ottimizzati e sono ora dell'ultima generazione. La sostituzione del filtro e il cambio dell'acqua sono stati notevolmente semplificati, senza per questo rinunciare al design. Grazie alla sua superficie ora decuplicata, gli intervalli di sostituzione del filtro si sono chiaramente allungati. La minipiscina può essere svuotata comodamente dall'unità di comando, che come optional può essere utilizzata anche per il riempimento. L'impiego di un nuovo blower, più silenzioso di 9 dB, garantisce una riduzione del 50% dei rumori percepiti ed un risparmio energetico del 40%. E a proposito di energia, la pompa di ricircolo a basso consumo utilizzata nelle minipiscine Duravit ha un consumo di soli 115 Watt, cioè circa il 75% inferiore a quello di prodotti comparabili di altri produttori.

Optimierte Heiz- und Hygienekreisläufe
Optimised heat and hygiene cycles
Sistemi di igienizzazione e riscaldamento ottimizzati

Kartuschenfilter bequem und einfach zu wechseln
Cartridge filter is convenient and simple to change
Cartuccia filtro facilmente e comodamente sostituibile

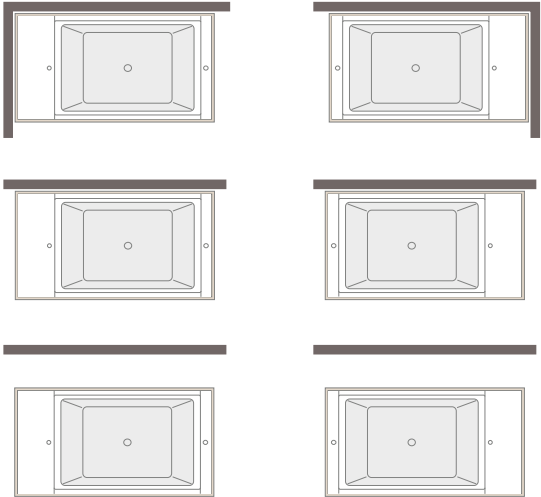

Grundeinstellungen am Bedienfeld unter der Abdeckung / Whirlprogramme via Fernbedienung
Basic settings on the control panel below the cover / whirl programs via remote control
Impostazioni principali regolabili mediante l'unità di comando sotto la copertura / Programmi idromassaggio azionabili mediante il telecomando

Abnehmbare, gepolsterte Abdeckung des Technikabteils
Technology section with removable, upholstered cover
Copertura imbottita rimovibile del vano tecnico

Sundeck: Dank zweier Eck-Varianten lässt sich die Technik immer an der Wand bzw. in der Raumecke positionieren. Vorwand- und freistehende Pools können in beiden Varianten mit entsprechender Verkleidung realisiert werden.

Sundeck: thanks to two corner variants, the technology can be positioned against the wall or in the corner of the room. Suitable panelling is available for back-to-wall and free-standing pools in both variants.

Sundeck: grazie alle due versioni dx e sx, il vano tecnico può essere installato appoggiato a parete o in un angolo. Con gli appositi pannelli è possibile realizzare minipiscine da appoggio a parete o centro stanza.

Perfekte Entspannung im Wohlfühl-Ambiente

- Individuell einstellbare Massage der Muskulatur im Rücken- und Fußbereich
- Massagekreisläufe Power, Relax und einzigartiger Emotion-Kreislauf, zusammen mit Farblicht in fünf unterschiedlichen Massageprogrammen kombiniert
- Intensives Farblicht für stimmungsvolles Entspannen

Attraktives Design, passend in jeder Umgebung

- Nachhaltige Formgebung
- Technik jederzeit verfügbar, jedoch nicht sichtbar
- Individualisierung mit Holzoberflächen oder Acrylverkleidungen

Technologie auf neuestem Stand: optimiert und nachhaltig

- Heiz- und Hygienekreislauf sowie Steuerung unserer Whirlsysteme aktualisiert
- Isolierende Poolabdeckung, Schwimmfolie und Persenning zur zusätzlichen Isolation
- Standby- und Energiespar-Modi

Vielfältige Nutzungsmöglichkeiten für das perfekte Poolerlebnis

- Indoor und Outdoor
- Poolerlebnis allein oder in Gesellschaft
- Vollwertiges Ruhedeck durch bequeme und stabile Auflagen

Design by Jochen Schmiedem

Blue Moon

Auf dem neuesten Stand der Technik: Sowohl beim Sundeck Pool als auch beim Blue Moon Pool wurden Heiz- und Hygienekreisläufe optimiert sowie die Steuerung der Systeme überarbeitet und in zahlreichen Langzeittests geprüft. Die Persenning bietet optimalen Schutz für die Outdoor-Version.

State of the art: the heating and hygiene cycles have been optimised in both the Sundeck and the Blue Moon pool; the heating and software as well as the control system have also been revised and tested. The tarpaulin offers optimum protection for the outdoor version.

All'avanguardia della tecnica: sia nelle minipiscine Sundeck che in quelle Blue Moon, i sistemi di igienizzazione e riscaldamento sono stati ottimizzati ed i comandi dell'idromassaggio modificati e testati con numerose prove di lunga durata. La tela cerata offre la protezione ottimale per le versioni in esterni.

Sundeck

Perfect relaxation and a feel-good ambiance

- Individually adjustable massage for the muscles in the back and feet
- "Power", "Relax" and the unique "Emotions" massage cycles, combined with colored lighting in five different massage programs
- Rich colored light for atmospheric relaxation

Attractive design, fits perfectly into any setting

- Timeless form
- Technology is always at hand, yet invisible
- Wood finishes and acrylic panelling for a personalised look

State-of-the-art technology: optimised and sustainable

- Latest hygiene and temperature systems and jet and nozzle control of our whirlsystems
- Insulating pool cover, floating foil and external cover for additional thermal insulation
- Standby and energy-saving modes

Wide range of applications for the perfect pool experience

- Indoor and outdoor
- Bathing alone or with friends
- Full relaxation deck thanks to comfortable, robust covers

Perfetto relax in un ambiente di benessere

- Massaggio personalizzato della muscolatura della schiena e dei piedi
- Idromassaggio Power, Relax e lo speciale massaggio Emotion, combinati con la luce colorata in cinque diversi programmi di massaggio preimpostati
- Intensa luce colorata per un relax suggestivo

Design attraente, perfetto in ogni ambiente

- Forma durevole
- Componenti tecniche sempre a portata di mano, pur rimanendo na-scoste
- Personalizzazione grazie ai pannelli in finitura legno o in acrilico

Moderna tecnologia, ottimizzata e sostenibile

- Aggiornamento dei sistemi di igienizzazione e riscaldamento e dei comandi dei sistemi idromassaggio
- Copertura isolante della minipiscina, foglio isolante e tela cerata per una coibentazione aggiuntiva
- Modalità standby ed a risparmio energetico

Molteplici possibilità per un'esperienza perfetta

- Installazione indoor e outdoor
- Fare il bagno nella minipiscina da soli o in compagnia
- Pratico lettino grazie alla comoda e solida copertura imbottita

SENSOWASH®e

Eigensicher, energiesparend, nachhaltig.

SensoWash® Starck ist der Dusch-WC-Sitz für moderne Toilettenhygiene und mehr Lebensqualität: Nach dem Toilettengang wird der Benutzer sanft mit warmem Wasser gereinigt. Dabei lassen sich sämtliche Funktionen – vom Öffnen des WC-Deckels bis zur Anwahl der Reinigungsdüsen – bequem per Fernbedienung steuern. Jetzt wird das Programm durch eine besonders intelligente Variante erweitert: SensoWash®e – eigensicher, energiesparend, nachhaltig. Bei SensoWash®e ist die Sicherungseinrichtung zum Schutz des Trinkwassers bereits integriert und wird komplett montagefertig geliefert. Zudem verfügt er über Funktionen, die dem bewussten Umgang mit Ressourcen Rechnung tragen: Das per Durchlauferhitzer erwärmte Wasser wird grundsätzlich nur nach Bedarf und immer nur in der benötigten Menge aufbereitet. Im Energiesparmodus wird die Sitzheizung für die nächsten acht Stunden deaktiviert, so kann sie bequem über Nacht abgestellt werden. Für noch mehr Komfort als bisher sorgt ein zweiter Duschkopf mit Softstrahl, der sich ganz einfach austauschen lässt. Mit SensoWash®e lieferbar sind die WCs der Duravit-Serien Darling New, DuraStyle, Happy D.2, Starck 2 und Starck 3.

Extremely safe, energy-saving, sustainable.

SensoWash® Starck is the shower-toilet seat for modern toilet hygiene and greater quality of life: after using the toilet, the shower-toilet seat provides gentle cleaning with warm water. All functions – from opening the toilet lid to selecting the cleaning nozzles – can be easily operated by remote control. The program has now been extended to include a particularly intelligent variant: SensoWash®e – extremely safe, energy-efficient and sustainable. In SensoWash®e, the safety device is fully integrated in order to protect the water supply. This means that the seat is delivered ready to assemble. It also has functions that help save resources: a flow heater heats the water as and when required, and only

in the necessary quantity. In energy-saving mode, the seat heating is deactivated for the next eight hours, which means that it can be easily switched off during the night. A second spray head with soft spray function offers even greater comfort than before and is very easy to replace. Toilets from Duravit's Darling New, DuraStyle, Happy D.2, Starck 2 and Starck 3 ranges are available with SensoWash®e.

Sicuro, ecologico, sostenibile.

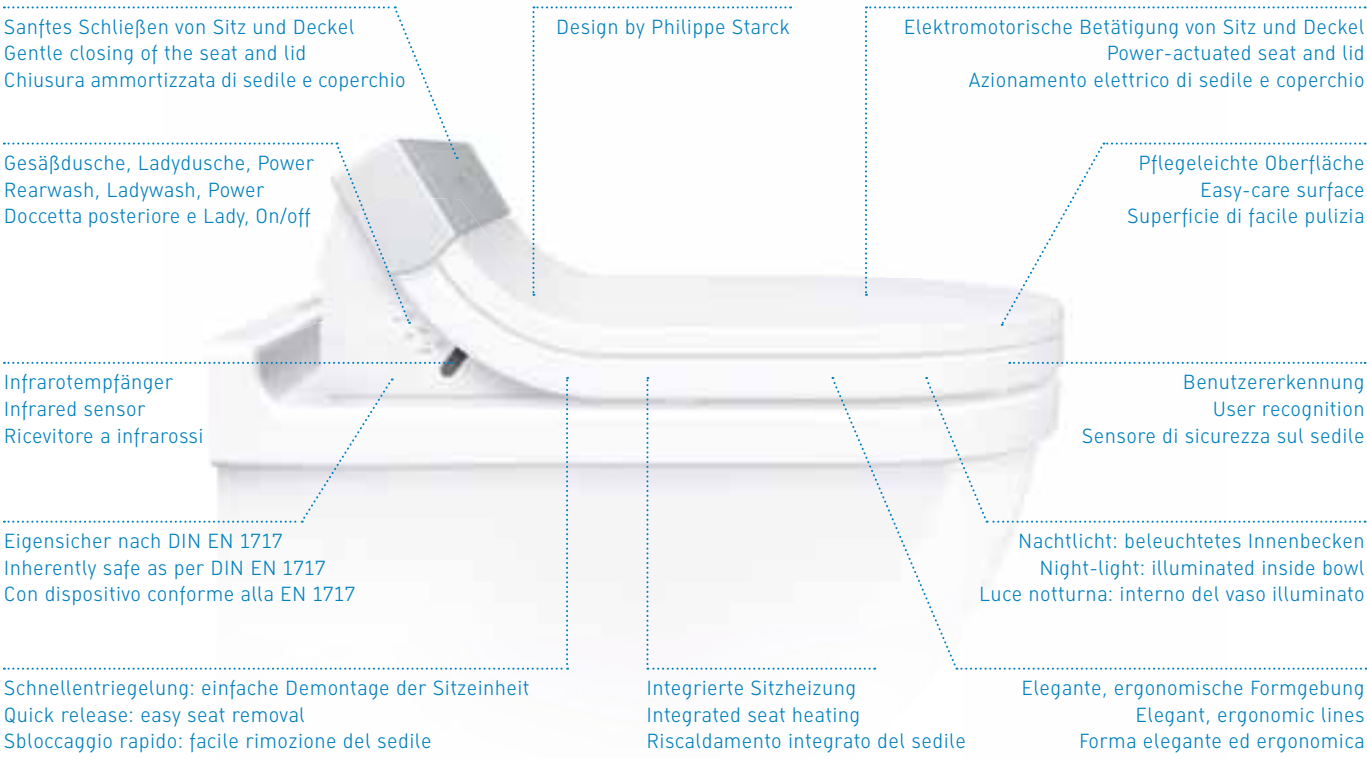

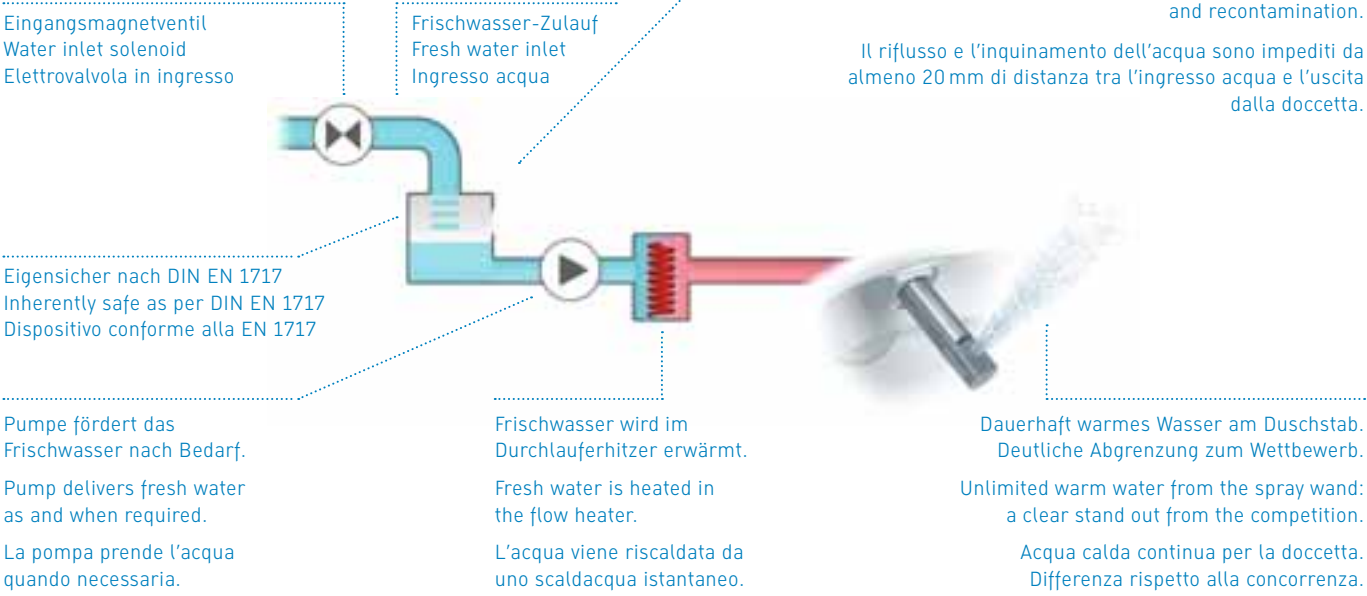

SensoWash® Starck è il sedile elettronico con funzione bidet integrata per la moderna igiene personale e una migliore qualità della vita che, dopo essere andati in bagno, lava delicatamente con acqua calda. Inoltre, tutte le sue funzioni – dall'apertura del coperchio del vaso alla scelta del tipo di doccetta – possono essere comodamente azionate mediante un telecomando. Ora la serie è stata ampliata con una versione molto intelligente: SensoWash®e – sicuro, ecologico, sostenibile. In SensoWash®e è già completamente integrato il dispositivo di protezione dall'inquinamento dell'acqua potabile negli impianti idraulici, pronto per l'installazione. Inoltre, il sedile dispone di funzioni che utilizzano in maniera consapevole le risorse: mediante lo scaldacqua istantaneo l'acqua viene riscaldata solo quando serve e sempre nella quantità richiesta. Nella modalità a risparmio energetico il riscaldamento del sedile viene disattivato per le successive otto ore, così ad esempio durante la notte, può rimanere tranquillamente spento. Ancora più confort è offerto da una seconda testina della doccetta, facilmente sostituibile, con getto Soft. I vasi abbinabili a SensoWash®e sono disponibili nelle serie Duravit Darling New, DuraStyle, Happy D.2, Starck 2 e Starck 3.

 DESIGN BY S+ARCK

SensoWash®e steht wie die gesamte Produktreihe für modernes und zeitloses, mehrfach ausgezeichnetes Design by Philippe Starck und ist kompatibel mit fünf Duravit-Keramikserien: DuraStyle, Starck 3, Darling New, Starck 2 und Happy D.2. So deckt SensoWash®e die unterschiedlichsten Einrichtungsstile und Preiskategorien ab.

Like the entire product range, SensoWash®e stands for modern, timeless, multi-award-winning design by Philippe Starck and is compatible with five Duravit ceramic ranges – DuraStyle, Starck 3, Darling New, Starck 2 and Happy D.2 – and meets the requirements of a wide range of different furnishing styles and price categories.

SensoWash®e è una linea di prodotti dal pluripremiato design moderno e senza tempo di Philippe Starck ed è compatibile con cinque serie ceramiche di Duravit: DuraStyle, Starck 3, Darling New, Starck 2 e Happy D.2. In tal modo SensoWash®e copre i più diversi stili d'arredo e tutte le categorie di prezzo.

STARCK 3

STARCK 2

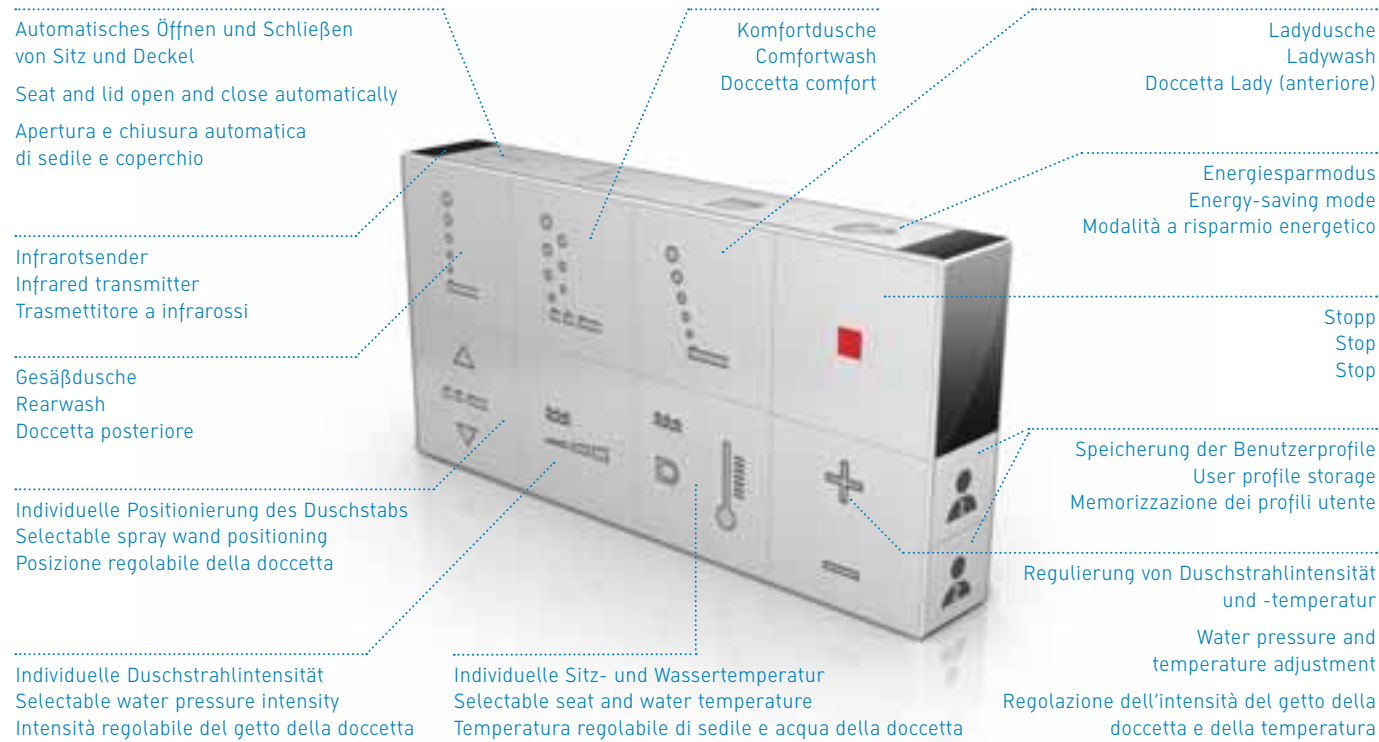

DARLING NEW

HAPPY D.2

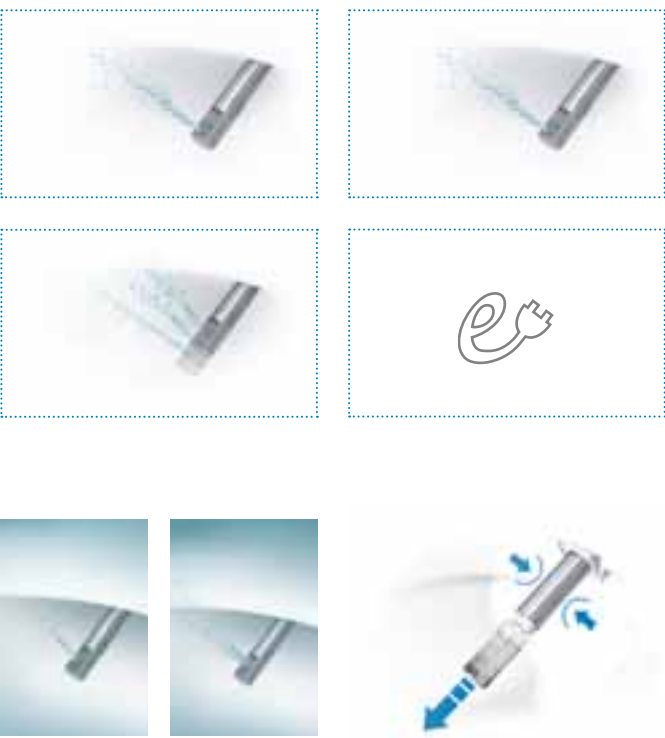

Jedem SensoWash®e Dusch-WC-Sitz liegen zwei Duschköpfe bei, die sich ganz einfach austauschen lassen. Beide bieten die Funktionen Gesäß-, Komfort- und Ladydusche, beim Austauschduschkopf mit feinerem, sanfterem Strahl. Zusätzlich verfügt SensoWash®e über einen intelligenten Energiesparmodus. Mit seiner Aktivierung wird die Sitzheizung in den folgenden acht Stunden deaktiviert. Dieser Vorgang wiederholt sich täglich automatisch zum selben Zeitpunkt. So kann die Sitzheizung beispielsweise bequem über Nacht abgestellt werden, ohne dass man selbst daran denken muss.

Each SensoWash®e shower-toilet seat comes with two spray heads that are easy to replace. Both offer the Rearwash, Comfortwash and Ladywash functions; the replacement spray head has a finer, gentler spray function. In addition, SensoWash®e has an intelligent energy-saving mode. When this mode is activated, the seat heating is deactivated for the next eight hours. This process is repeated automatically at the same time each day. In this way, the seat heating can be easily switched off during the night, for example, without the user even having to think about it.

Ogni sedile elettronico SensoWash®e dispone di due diverse testine della doccetta, facilmente sostituibili. Entrambe offrono le funzioni doccetta posteriore, comfort e Lady, ma la seconda, fornita smontata, ha un getto più sottile e più delicato. Inoltre SensoWash®e dispone di un'intelligente modalità a risparmio energetico che, se azionata, disattiva il riscaldamento del sedile per le successive 8 ore. Questo si ripete automaticamente tutti i giorni alla stessa ora. In tal modo è possibile ad esempio disattivare sempre il riscaldamento del sedile durante la notte.

Perfekte Körperhygiene

- Individuell einstellbare Duschfunktionen
- Dauerhaft warmes Wasser nach Bedarf
- Zusätzlicher Austausch-Duschkopf mit Softstrahl

Hoher Bedienkomfort per Fernbedienung

- Öffnen und Schließen des Deckels auf Knopfdruck
- Integrierte Sitzheizung mit Zeitschaltung
- Nachtlicht

Attraktives Design, mehrfach ausgezeichnet

- Klassisch Philippe Starck: markant, auf das Wesentliche konzentriert
- Ganzheitliches, integriertes Gesamtbild ohne sichtbare Anschlüsse
- Passend zu fünf verschiedenen Duravit Designserien

Umwelttechnisch nachhaltig

- Intelligenter Energiesparmodus
- Warmwasser-Aufbereitung nur bei Bedarf
- Sparsam im Duschwasserverbrauch (max. 0,5 l/min)

Montagefreundlich und ausgezeichnetes Preis-Leistungs-Verhältnis

- Einfache Installation: Sitz kommt montagefertig, da Sicherung nach DIN EN 1717 bereits integriert ist
- Kostenlose Wartung durch Duravit-Kundendienst nach 12 Monaten*
- Installations-Video für Tablet und PC verfügbar

Perfect personal hygiene

- Individually adjustable shower functions
- Permanently warm water as required
- Additional replacement shower head with soft spray

Extremely easy to operate by remote control

- Seat and lid open and close automatically at the push of a button
- Integral seat heating with timer
- Night-light

Multi-award winning, attractive design

- Classic Philippe Starck: striking, focusing on the essentials
- Integrated overall appearance without visible connections
- Matches five different Duravit designer lines

Sustainable environmental engineering

- Intelligent, energy-saving mode
- Water is only heated when required
- Low water consumption when showering (max. 0,5 l/min)

Easy to install and outstanding value for money

- Easy installation thanks to intrinsic safety in accordance with DIN EN 1717
- Installation video for tablet and PC available

Perfetta igiene intima

- Funzioni doccetta personalizzabili
- Acqua calda sempre a disposizione
- Seconda testina doccetta con getto Soft

Elevato confort grazie al telecomando

- Apertura e chiusura del coperchio premendo un pulsante
- Riscaldamento integrato del sedile con timer
- Luce notturna

Design affascinante e pluripremiato

- Un classico Philippe Starck: notevole, concentrato sull'essenziale
- Aspetto unitario e integrato, senza allacciamenti visibili
- Abbinabile a cinque diverse serie di design Duravit

Sostenibile dal punto di vista tecnico-ambientale

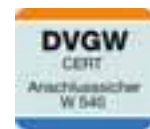

- Intelligente modalità a risparmio energetico
- Riscaldamento dell'acqua solo quando necessario
- Risparmio d'acqua (max. 0,5 l/min)

Facilità di installazione e ottimo rapporto qualità/prezzo/prestazione

- Installazione semplice: il sedile viene fornito pronto per essere installato poiché il dispositivo di sicurezza conforme alla norma EN 1717 è già integrato
- Video esplicativo dell'installazione

DURAVIT RIMLESS®

Randlos glücklich.

Wie man mit einem gelungenen Zusammenspiel von Geometrie, Strömungslehre und Design pure Effizienz erreichen kann, beweist Duravit mit seiner neuen Rimless Technologie. Bei Duravit Rimless® ermöglicht die offene Spülrandgestaltung eine innovative und leistungsfähige Wasserführung: Daraus resultiert ein dynamischer, kraftvoller Wasserstrom, der einen horizontalen Kreis beschreibt, bevor das Wasser senkrecht abläuft und die gesamte Innenfläche des Beckens bspült, und das alles ganz ohne Überspritzen. So sind selbst bei kleinen Wassermengen wie 4,5 l perfekte und hygienisch einwandfreie Spülergebnisse garantiert. Dank des offenen, gut zugänglichen Randbereichs lässt sich das Becken besonders einfach sauber halten, was die Reinigungszeiten erheblich reduziert. Noch pflegeleichter wird das WC mit WonderGliss: Die optionale, in die Keramik eingebrannte Beschichtung nimmt dem Schmutz die Angriffsfläche. Auf der glatten Oberfläche können sich Schmutz und Kalk nicht halten, und Rückstände fließen mit dem Wasser noch leichter ab. Mit Duravit Rimless® lieferbar sind jetzt die Wand-WCs der Duravit-Serien Darling New, DuraStyle und Happy D.2. WonderGliss ist für alle Duravit-WCs erhältlich.

Rimless.

With its new Rimless technology, Duravit demonstrates how geometry, fluid mechanics and design can be successfully combined for maximum efficiency. In Duravit Rimless®, the open design of the WC rim enables an innovative and powerful flush: water flows in the form of a horizontal arc, and then vertically, before flushing the entire inner surface of the bowl without splashing. This ensures perfect and hygienic flushing results, even with smaller volumes of water, like 4.5 litres. Thanks to the open, easily accessible rim area, the bowl is particularly easy to keep clean, and this reduces cleaning times considerably. The toilet is even easier to keep clean with WonderGliss: an optional coating that is baked

into the ceramics and doesn't give grime a chance. Thanks to WonderGliss, dirt and limescale are unable to secure a hold on the smooth surface and residues run off more easily with the water. Wall-mounted toilets from the Darling New, DuraStyle and Happy D.2 ranges are now available with Duravit Rimless®. WonderGliss is available for all Duravit toilets.

Un successo senza brida.

Grazie alla nuova tecnologia Rimless, Duravit dimostra come si possa ottenere vera efficienza con la riuscita interazione di geometria, dinamica dei fluidi e design. La conformazione aperta della brida di Duravit Rimless® permette un innovativo ed efficiente flusso dell'acqua: il risultato è un getto d'acqua dinamico e potente, che descrive un cerchio orizzontale prima che l'acqua scarichi in verticale e sciacqua così tutta la superficie interna del vaso, senza schizzare. In questo modo vengono garantiti ottimi risultati di sciacquo anche con quantità d'acqua ridotte, ad esempio 4,5 l. Grazie alla brida aperta e facilmente accessibile, l'interno del vaso può essere tenuto pulito con grande facilità, riducendo notevolmente anche i tempi di pulizia. Ancora più facile da pulire è il vaso con WonderGliss: il rivestimento optional, applicato sulla ceramica durante la produzione mediante cottura, impedisce allo sporco di depositarsi. Lo sporco non riesce ad intaccare le superfici lisce e non si formano depositi di calcare perché i residui vengono portati via semplicemente con l'acqua. Sono disponibili con la tecnologia Duravit Rimless® i vasi sospesi delle serie Duravit Darling New, DuraStyle e Happy D.2. WonderGliss è invece disponibile per tutti i vasi Duravit.

DuraStyle

- 7 modelli abbinabili a 3 serie Duravit
- Versione con Durafix (fissaggi nascosti) disponibile in tutte le serie
- Abbinabile a SensoWash®

Servizi di supporto e ottimo rapporto qualità/prezzo/prestazione

- Video di spiegazione della tecnologia di sciacquo
- Documentazione tecnica dettagliata
- Disponibilità continuativa garantita

Mit dem Befestigungssystem Durafix lassen sich WCs schnell und problemlos installieren. Das Besondere: Die Befestigung bleibt dabei völlig unsichtbar. Das Ergebnis ist eine rundum glatte Keramikoberfläche ohne störende Elemente.

Toilets can be installed quickly and easily using the Durafix attachment system. The special feature of this system is that the attachment remains completely invisible. The result is a completely flat ceramic surface without any visually disruptive elements.

I vasi sospesi sono facilmente e rapidamente installabili grazie ai fissaggi Durafix. La particolarità di tali fissaggi è che rimangono completamente nascosti. Il risultato è una superficie ceramica completamente liscia, senza elementi di disturbo.

SENSOWASH®e

DURAVIT RIMLESS®

THE BEST TOILET OF DURAVIT

Das WC für höchste Ansprüche.

Mit „The Best Toilet“ von Duravit möchten wir eine Antwort auf alle Fragen, Ansprüche und Wünsche rund ums Thema WC geben. Denn Duravit-WCs bieten Bestnoten in allen relevanten Disziplinen und Kategorien: Spültechnologie, Design, Nachhaltigkeit, Komfort, Hygiene zum optimalen Preis-Leistungs-Verhältnis. Kurzum: Das beste WC von Duravit, das unsere Designer und Techniker für Sie entwickelt haben. So gehört ganz selbstverständlich der innovative Dusch-WC-Sitz SensoWash®e und die effiziente Spültechnologie Duravit Rimless® zum besten WC – erhältlich in den zwei Designlinien DuraStyle und Happy D.2.

The toilet that meets the highest requirements.

With “The Best Toilet” by Duravit, we want to provide an answer to all questions, requirements and wishes relating to the toilet. After all, Duravit toilets score top marks in all disciplines and categories: Flushing technique, design, sustainability, comfort, hygiene at optimum value for money. In short: the best toilet of Duravit. This “best” category includes, of course, the innovative SensoWash®e shower-toilet seat and the efficient Duravit Rimless® flushing technology – available in the DuraStyle and Happy D.2 design lines.

Il vaso per le esigenze più elevate.

Con «The Best Toilet» di Duravit vogliamo rispondere a tutti i desideri, le richieste e le esigenze sul tema WC, perché i vasi Duravit offrono il massimo in tutti gli ambiti e le categorie: tecnologia di sciacquo, design, sostenibilità, confort, igiene, tutto con un ottimo rapporto qualità/prezzo/prestazione. In poche parole il miglior vaso di Duravit, progettato per voi dai nostri designer e dai nostri tecnici. È naturale pertanto che l'innovativo sedile elettronico SensoWash®e e l'efficiente tecnologia di sciacquo Duravit Rimless® siano elementi del miglior vaso di Duravit, disponibile nelle due serie di design DuraStyle e Happy D.2.

DURASTYLE

HAPPY D.2

Eine Rechnung, die aufgeht: Duravit bietet 7 unschlagbare Vorteile – Performance, Design, Nachhaltigkeit, Komfort, Funktionalität, Technologie, Preis. Zusammen mit dem Dusch-WC-Sitz SensoWash® e und der neuen Spültechnologie Duravit Rimless® wird daraus „The Best Toilet“ von Duravit.

And it just keeps on getting better: Duravit offers seven unbeatable advantages – performance, design, sustainability, comfort, utility, technology and price. Together with the SensoWash® e shower-toilet seat and the new Duravit Rimless® flushing technology, this gives rise to “The Best Toilet” of Duravit.

Equazione perfetta. Duravit offre 7 vantaggi imbattibili: performance, design, sostenibilità, confort, funzionalità, tecnologia, prezzo. La combinazione del sedile elettronico SensoWash® e con la nuova tecnologia di sciacquo Duravit Rimless® ha dato vita al «Best Toilet» di Duravit.

SensoWash® e und Duravit Rimless® vereinen Design, Funktion und optimale Hygiene.
