*Make
it
Wonderful*

FRANKE

It's easy to be **ORDINARY**.
OK TO BE OK. But For Franke.
BEING JUST GOOD IS

NOT GOOD ENOUGH.

instead, we ask: **'HOW CAN WE MAKE IT**

WONDERFUL?'

wonderful takes the Everyday
AND MAKES IT
SOMETHING **SPECIAL.**

Wonderful design,
Wonderful quality, Wonderful service.

IT INSPIRES
CUSTOMERS TO **CREATE,**

which in turn creates happy customers.

SO LET'S LET **ORDINARY.**
EVERYONE ELSE BE

while we...

Make
it
Wonderful

DESIGNER RANGE

Cascade

The Cascade range follows the European trend of square designs to compliment appliances and softened minimalism. Cascade is manufactured in South Africa using the latest Franke Swiss technology to produce consistent high quality products. The sinks are produced using monoblock technology to minimise welding, and in doing so ensures that quality and performance is of the highest standards.

A compact sink with a 500mm width and a larger draining area has been achieved through the new positioning of the bowls. All sinks are supplied with a basket strainer waste fitting to reduce waste entering the draining system.

Specification

Franke Cascade Inset Sink model... (please specify), unit to be manufactured from Austenitic Stainless Steel with a satin finish, and supplied complete with 90mm basket strainer waste fittings. Sink to be fitted to kitchen counter top (counter top elsewhere measured).

	Left Hand Drainer: 1010025
INCLUDED:	Spazi F/2 Double Bowl Plumbing kit

SOFTLINE RANGE

Quinline

Quinline is a “soft edge” range of inset sinks produced in South Africa. This range of monoblock one-piece pressed sinks have a proven track record of consistent quality and performance. All the edges are folded for extra strength on the corners. Austenitic Stainless Steel ensures that the product performs well in high corrosion coastal areas. Quinline sinks are supplied with basket strainer waste fittings.

Specification

Franke Quinline Inset Sink model... (please specify), unit to be manufactured from Austenitic Stainless Steel with a satin finish, and supplied complete with 90mm basket strainer waste fittings. Sink to be fitted to kitchen counter top (counter top elsewhere measured).

Franke South Africa's sink mixers have been carefully designed with the end user in mind, ensuring that they receive the highest quality components, with excellent backup support - the trusted Franke Brand.

Specification

Franke Sink Mixer model... (please specify), unit to be manufactured with a solid brass construction with a chrome plated finish as supplied by Franke South Africa. Unit to carry a 5 year guarantee on the body construction and a 2 year guarantee on the ceramic cartridge. Sink mixer to be fitted to counter top over a sink or onto a sink (counter top/sink elsewhere measured).

CARTRIDGE:

Features:

- Noise suppressor of 17-18 decibels
- Anti-scoold set for standard operation can be reset. (Refer to registered plumber).
- Endurance test of 70,000 cycles, complies with EN 814 International Standards
- Reduced flow rate for green rating
- Suitable for balanced water pressure of 200 - 600kPa

SMART LIME CLEANING AERATOR:*

- Smart Lime Resistance - maximising the lifespan of the aerator
- No need to disassemble the aerator for cleaning - simply rub the lime away using your finger
- Perfect stream quality even under difficult flow conditions
- Very low noise level
- High quality, the Smart Lime Cleaning Aerator cannot be crushed
- Integrated anti-clogging dome screen - filters sediments and particles

*Excluding Enix Square and Billy Professional

BRAIDED CONNECTORS:

- Stainless Steel braiding

- Cross-linked inner hose
- Brass nuts - 1/2 inch/15mm

GUARANTEE

Franke Sink Mixers carry a 5 year guarantee on the body construction against manufacturing defects, with a 2 year guarantee on the cartridge. All guarantee's are subject to proper installation and proof of purchase is required for all enquiries.

- Ceramic Disk Cartridge with Anti-scold
- Solid DZR Brass Construction
- Smart Lime Cleaning Aerator
- Chrome Plated
- 5 Year guarantee on body construction
- 2 Year guarantee on ceramic cartridge

SOAP DISPENSER

SD80 SOAP DISPENSER

Product Code: 2120059

- Manufactured from chromium plated brass
- Incorporates a refillable 1 Litre polyethylene container for use with liquid soap
- 5 Year Warranty on Body Construction

WATER PURIFICATION MIXER

Kubus Filterflow

Discover the unique advantages and health benefits of the Franke Kubus Filterflow water filtration system. Designed and manufactured by British engineers, and fitted with a premium-grade carbon activated cartridge, the Franke Kubus Filterflow is a health-conscious and quality drinking water filtration system.

Features:

- Water Purification Filter
- Dispenses Hot, Cold and Filtered Water
- Carbon Activated Cartridge
- Solid Brass Construction
- Chrome Plated
- Removes Chlorine, Lead, Harmful Bacteria, Parasites and Cysts including Cryptosporidium
- Improves Taste, Odour and Colour
- Kubus Filterflow retains Beneficial Minerals such as Calcium and Magnesium - essential for a healthy diet
- Guaranteed for 5 Years on Body Construction

Specification

Franke Kubus Filterflow Water Purification Sink Mixer, unit to be manufactured with a solid brass construction with a chrome plated finish, complete with a carbon activated cartridge. Sink mixer to be fitted to kitchen counter top over a sink or onto a sink (counter top/sink elsewhere measured).

Advanced Power-Pulse™ technology control power phasing precisely to cut energy consumption.

Enjoy more precise temperature control - Power-Pulse™ also regulates boiling water temperature, maintaining the set temperature within 0.2°C.

Zip HydroTap automatically calculates boiling point and sets its controls accordingly. (Compact2 adjusted manually).

Automatically sleeps when unused. After two hours of non-use, Zip HydroTap G4 either powers down to maintain boiling water at 64°C or hibernates.

Free Flow™ bottle-filling feature allows you to fill bottle after bottle with filtered cold water even when the rated chilled water capacity is exceeded.

Every drop of water is dispensed at the set temperature so there is no water wasted running a tap until the temperature is right.

An air-cooled system never dumps water into the drain, as water-cooled systems do, making HydroTaps more environmentally responsible.

CLEANING & MAINTAINENCE

INOX CREAM

Product Code: 1120047 250g Inox Cream: cleans, shines, polishes and revitalises Stainless Steel

CLEANING PROCEDURE

Clean the Stainless Steel as often as experience dictates (i.e. when noticeably dull or dirty) and use the simplest cleaning procedure that will effectively "do the job".

- Stainless Steel reacts best to clean water or mild detergent solution, applied with a soft cloth or sponge, rinsed well and wiped dry.
- Routine, simple, gentle and inexpensive cleaning will retain both the corrosion resistance and appearance of Stainless Steel through years of exposure and use. Occasionally a small amount of Inox Cream may be used on a soft, damp cloth with the detergent solution to remove stubborn dirt or slight incipient stains. Rub gently.

CLEANING DO'S

- Employ regular routine cleaning rather than an occasional aggressive single cleaning.
- Only use propriety brands of cleaners that state "SUITABLE FOR STAINLESS STEEL", such as Inox Cream
- Always rinse and dry as the final step in a cleaning procedure.

CLEANING DON'TS

- Do not use coarse abrasive powders.
- Do not use metallic scourers or brushes with metal bristles.
- Do not use the so termed "silver cleaners".
- Do not use acids (except nitric acid in specific instances).

STORAGE OF PRODUCTS

Product research has proven that certain household products which may be stored underneath a sink, can lead to damage of the sink's base. Chlorine is the major culprit and can be found in: chlorine for swimming pools; household bleach; bathroom cleaning products such as toilet cleaners, mildew treatments and tile cleaners; kitchen cleaning products - especially liquid cleaners; powders for dishwashers and laundry detergents. Preserve the life and beauty of your sink by storing these products away from the sink area in a well ventilated cupboard that is preferably child-proof.

WARRANTIES

STAINLESS STEEL DOMESTIC KITCHEN SINKS: 25 years against corrosion from date of purchase (*except SA94 sink).

STAINLESS STEEL SA94 SINK: 24 months against manufacturing defects.

ACCESSORIES (Waste Fittings, Cutting boards, Baskets etc): 12 months against manufacturing defects.

WASTE DISPOSERS: 12 months against manufacturing defects.

KITCHEN SINK MIXERS: Body - 5 years against manufacturing defects; Cartridge - 24 months against manufacturing defects.

ECONOMY WASH TROUGH AND ECONOMY PREPARATION BOWL: 12 months against manufacturing defects.
