# OTHER FRANKE PRODUCTS

## Other Franke Products

### Washroom Accessories

Franke have a wide range of stainless steel accessories for all applications; hands free, wall mounted and recessed accessories. Our product range includes solid stainless steel bathroom accessories, ideally suited for such applications as: hospitals and clinics. The new Rodan range of accessories, its timeless design with angular side profiles lends itself to the contemporary décor of heavily frequented washrooms and rest rooms.

### Hands Free Accessories

Franke always strives to find the ultimate hygiene solutions without compromising quality and durability. The hands free accessories offer a hygienic solution for usage in heavily frequented washrooms, wards and rest rooms. The range includes a sensor operated: soap dispenser, paper towel dispenser and hand dryer.

### Grab Rails

Franke grab rails offer a secure support, thanks to Franke's Fine-Grip surface finish, for use in private homes and public, clinical and care sectors.

### Water Management

Complementing the Franke range of accessories, a new range of self closing/sensor operated basin taps and mixers have been added. The taps and mixers are of a heavy duty design to improve hygiene and decrease water consumption in public ablutions. The range comprises of an electronic sensor operated mixer and self closing taps and mixers.

### Filterflow Water Purification Mixer

Discover the unique advantages and health benefits of the Franke Filterflow water filtration system. Designed and fitted with a premium-grade carbon activated cartridge, the Franke Filterflow is a health-conscious and quality drinking water filtration system. The Filterflow dispenses hot, cold and perfectly filtered drinking water. The filtration system has the ability to filter out chlorides, odours and sedimentation from the water, it however does not 'strip' the water of its goodness and retains beneficial minerals such as calcium and magnesium - essential for a healthy diet.

### Zip Hydroboils & Chillers

Zip HydroBoils are convenient plumbed-in boiling water systems that deliver instant boiling water 24 hours a day. It is a sealed system to provide ultimate hygiene and low electricity consumption. It is steam free and low maintenance. Zip chillers are manufactured to provide chilled water under extreme temperatures. The units are plumbed to provide low operating costs, together with convenience.

### Sanitaryware

The use of Stainless Steel as the material of first choice for products in public and semi-public washrooms has become today's standard for good reasons. This material is robust and, easy to maintain, and therefore is very durable which makes the products economical over the lifetime of the building. Sanitary fixtures that inhibit vandalism and are easy to clean help building operators to keep service and maintenance costs to a minimum.

Practical experience shows that using high-quality materials reduces the staining of products that helps to maintain the appearance of heavily used washrooms. Wash stations and accessories take on a hygienic atmosphere. Thanks to its durable and hygienic characteristics, Stainless Steel provides clean and, safe products for public washrooms.

**DEKO 190V**

**DEKO 2000**

### DEKO 190V

The DEKO 190 has a large wash chamber and capacity for automatic emptying and processing of 2 bedpans with lids and 4 urine bottles simultaneously. The integrated drop down shelf provides space for 4 hand wash basins or a mop bucket with seating ring. The shelf can also be utilised as a base to accommodate and process inserts and washing accessories e.g. kidney dishes, bowls, vases, toilet brushes/holders, as well as, various hollowware.

**DEKO 190 Base Model**

**2800006**

### DEKO 2000

The DEKO 2000 is designed and constructed to meet the performance and design requirements stated in EN ISO 15883-1 Washer-disinfectors. Part 1: General requirements and in Part 2: Requirements and tests for surgical instruments, anaesthetic and respiratory equipment, hollowware, utensils, glassware etc., as well as, the safety requirements stated in IEC 61010-2-40: Particular requirements for washer-disinfectors used in medical, pharmaceutical, veterinary and laboratory fields.

**DEKO 2000 Base Model**

**2800004**

**DEKO 260**

**DEKO 2200**

### DEKO 260 Washer Disinfector

The DEKO 260 washer-disinfector-dryer is designed and manufactured to be fully compliant with the requirements of ISO EN 15883 Parts 1 & 2. It builds on the already well proven reliability and simple operation synonymous with Franke and ensures thorough cleaning and efficient processing of reusable medical and laboratory equipment.

**DEKO 260 Base Model**

**2800003**

### DEKO 2200

DEKO 2200 Drying cabinet is designed especially for drying surgical instruments, anaesthetic hoses & equipment, as well as other reusable items used in patient health care. It is dimensioned particularly for use together with the DEKO-2000 -series washer- disinfectors. The chamber can accommodate two full loads (4+4 shelves) from the washers. The sound and heat insulated double walls of the cabinet are made of AISI304 stainless steel. DEKO 2200 is available as a single door or pass-through model, left or right-hinged.
