

## **Introduction**

We are here to help you make a better choice!

Versus Paint Specialists can offer you an environmentally friendly alternative to normal paints. We have formulated wall coatings that considerably decrease the amount of damage done to one's immediate environment and the environment as a whole.

Versus Paint Specialists produce low-VOC Coatings, which make them eco-friendly! These coatings are durable, cost-effective and less harmful to humans and environmental health than conventional paints.

## **What does Versus do?**

Versus Paint Specialists specialize in the manufacturing and the application of exclusive wall coatings.

The products originated in Europe, but are now manufactured in Johannesburg, South Africa by using South African raw materials thus making Versus Products "Proudly South African"

Versus also specialize in paint, and we have done everything from base painting to specialized paint techniques.

## **Benefits of using our products:**

- ❑ Being acrylic you do not even have to key the surface of the building, the Versus products can be applied directly onto the insitue (pre-cast) panels
- ❑ All coatings are 100% pure acrylic coatings and are of European origin, but now manufactured in JHB, South Africa.
- ❑ Apart from its decorative good looks, it offers the best protection for all wall surfaces due to its immense strength and durability.
- ❑ Materials can be troweled (up to 5mm thick) or sprayed and should only be applied by skilled artisans.
- ❑ It is suitable for exterior and interior application to walls and ceilings.
- ❑ Coatings can be used for domestic and commercial work.

### **Impressive features:**

- ❑ Available in any colour of your choice.
- ❑ Can be applied to any surface.
- ❑ Covers hairline cracks.
- ❑ Allows walls to breathe.
- ❑ Retains elasticity.
- ❑ Able to withstand ageing, pollution, extreme temperature variations.
- ❑ Water-resistant.
- ❑ Washable with house hold detergents.
- ❑ Ultra-violet resistant.
- ❑ 10 year guarantee.
- ❑ Environmentally friendly products

### **How does Versus differ from our opposition?**

Versus employs over 180 Staff and are committed to the empowerment of the previously disadvantaged.

In saying this Versus Paint Specialists are independently BEE Rated and 100% BEE compliant.

We do not subcontract our application. We are involved from the manufacturing process right through to the application process, Thus we can keep quality where it needs to be!

Versus was built on quality work.

### **What guarantee do we offer?**

Our products carry a ten to fifteen year guarantee however the life span of the product by far expected to outlast the guarantee period.

### **When did we start?**

Versus Paint Specialist was started on the 1 November 2000. However between our chemists and partners we have in excess of 130years experience in the coatings industry.

### **Whom have we worked for?**

We at Versus are proud to have been associated with many “high profile” clients. The likes of Bidvest, Barloworld, SARS, LIBERTY LIFE to mention but a few. Not to mention the long lists of architects, contractors and interior designers whom we’ve worked for.

\* See addendum.
