X-Door®

FEATURES:

- ✓ An affordable trellis door for both door & window applications
- ✓ Constructed from double vertical uprights for strength & flexibility
- ✓ Glass filled nylon rollers ensure strength & easy operation
- ✓ Comes standard with a tamperproof slamlock for quick protection
- ✓ Available in a wide range of UV resistant colours
- ✓ Low profile anti-trip bottom track
- ✓ Fastens on all 4 sides creating a fully framed barrier
- ✓ Tested & meets stringent SABS ISO 9001:2000 standards

Xpandor®

FEATURES:

- ✓ Constructed from double vertical uprights for strength & flexibility
- ✓ The solid steel infill secures 3 uprights for maximum strength
- ✓ Glass filled nylon rollers ensure strength & easy operation
- ✓ Comes standard with a tamperproof slamlock for quick protection
- ✓ Available in a wide range of UV resistant colours
- ✓ Low profile anti-trip bottom track
- ✓ High tensile rivets used in the construction
- ✓ The sash takes up ±15-20% of the opening when stacked away

Xpandor+®

FEATURES:

- ✓ Constructed from double vertical uprights for strength & flexibility
- ✓ The solid steel infill secures 3 uprights for maximum strength
- ✓ Glass filled nylon rollers ensure strength & easy operation
- ✓ Comes standard with a tamperproof slamlock for quick protection
- ✓ Available in a wide range of UV resistant colours
- ✓ Low profile anti-trip bottom track
- ✓ High tensile rivets used in the construction
- ✓ The sash takes up ±15-20% of the opening when stacked away
- ✓ Recommended by the insurance industry

T-max[®]

FEATURES:

- ✓ Available in steel & aircraft grade aluminium
- ✓ Constructed from 20mm vertical uprights for strength & flexibility
- ✓ The solid steel / aluminium infill secures all the uprights for maximum strength
- ✓ Glass filled nylon rollers ensure strength & easy operation
- ✓ Comes standard with a tamperproof slamlock for quick protection
- ✓ Available in a wide range of UV resistant colours
- ✓ Low profile anti-trip bottom track
- ✓ High tensile rivets used in the construction
- ✓ The sash takes up $\pm 20-25\%$ of the opening when stacked away
- ✓ Recommended by the insurance industry

4

Multiguard[®]

FEATURES:

- ✓ Constructed from 20mm vertical uprights for strength & flexibility
- ✓ The solid steel infill secures all uprights for maximum strength
- ✓ Glass filled nylon rollers ensure strength & easy operation
- ✓ Comes standard with a tamperproof slamlock for quick protection
- ✓ Available in a wide range of UV resistant colours
- ✓ Low profile anti-trip bottom track
- ✓ High tensile rivets used in the construction
- ✓ The sash takes up $\pm 18-22\%$ of the opening when stacked away
- ✓ Available in 100% hot dip galvanised finish
- ✓ Recommended by the insurance industry

5

Alu-glide®

FEATURES:

- ✓ Fully framed DIY trellis door with Slamlock
- ✓ 100% aluminium construction
- ✓ Rust resistant - ideal for coastal regions
- ✓ Comes with all fasteners
- ✓ 3 rows of strengthened diamond lattice

Alu-glide® Plus

FEATURES:

- ✓ Fully framed DIY trellis door with 3-point SLAMLOCK
- ✓ Spring-loaded for easy opening & anti-lift pin
- ✓ New robust aluminium profiles
- ✓ Rust resistant - ideal for coastal regions
- ✓ 3 rows of strengthened diamond lattice
- ✓ High quality cylinder with custom keys
- ✓ Double leading hanger wheels for smooth operation
- ✓ Low profile anti-trip bottom track
- ✓ Comes with all fasteners
- ✓ 3 rows of strengthened diamond lattice

Alu-max[®]

FEATURES:

- ✓ South Africa's premier trellis door
- ✓ Constructed from double vertical aircraft grade aluminium uprights for strength & flexibility
- ✓ The solid aluminium infill secures 4 uprights for maximum strength
- ✓ Nylon bearing rollers ensure maximum strength & easy operation
- ✓ Comes standard with a 4-point tamperproof lock
- ✓ Available in a wide range of UV resistant colours/wood grain finishes
- ✓ Low profile anti-trip bottom track
- ✓ High tensile rivets used in the construction
- ✓ The sash takes up ±15-20% of the opening when stacked away
- ✓ Recommended by the insurance industry

8

Security Gates[®]

FEATURES:

- ✓ Comes standard with a slamlock for quick protection with deadlock facility or double throw deadlock
- ✓ Available in a wide range of UV resistant colours
- ✓ For maximum security use 10mm or 12mm infill & full frame or Hi-gate spec (see Hi-gate for spec)
- ✓ Gate can swing out 180° for full access
- ✓ Available in 100% hot dip galvanised finish

9

Hi-gate®

FEATURES:

- ✓ Triple heavy duty hinges for maximum security
- ✓ 25 x 25 x 2mm frame
- ✓ 10mm or 12mm infill with decorative accessory on request
- ✓ Full length lock-keep with full length protection plate
- ✓ Comes with slamlock for quick protection with deadlock facility or double throw deadlock with escutcheon plate
- ✓ Recommended by the insurance industry
- ✓ Available in 100% hot dip galvanised finish

X-Guard®

FEATURES:

- ✓ An affordable burglar guard that complements the X-Door
- ✓ Constructed from steel verticals with solid steel flight interlockers
- ✓ Available in a modular form for easy on-site installation
- ✓ Ideal for all windows up to 2m high
- ✓ Available in 2 standard colours with other colours available on request
- ✓ Hot dip galvanising on request
- ✓ Unlike the X-Door, this is a non-sliding security barrier
- ✓ Tested & meets stringent SABS ISO 9001:2000 standards

10

11

Supaguard®

FEATURES:

- ✓ Constructed from 10mm or 12mm vertical uprights & cross members with decorative accessory on request
- ✓ Patented "boot" allows flexibility in the burglar guard in case of attempted break-in
- ✓ Unique emergency escape hatch available
- ✓ Fixed with tamperproof fasteners on all 4 sides
- ✓ Available in a wide range of UV resistant colours
- ✓ Available in 100% hot dip galvanised finish
- ✓ Recommended by the insurance industry

Clear Vision Guards™

FEATURES:

- ✓ A transparent burglar guard - unobstructed view for windows offering optical clarity
- ✓ Constructed from polycarbonate sheets with a special UV protection layer on both sides
- ✓ Impact resistant so virtually unbreakable - strength & flexibility
- ✓ Similar protection as standard steel burglar guards
- ✓ Rust & maintenance free - ideal for coastal conditions
- ✓ Suitable for wood & aluminium windows
- ✓ White or black finishing screw cover caps
- ✓ Installed by certified fitters
- ✓ If installed correctly, will keep pests out such as monkeys, including unwanted intruders

12

13

Sectional Overhead Doors™

FEATURES:

- ✓ Ideal for motor dealerships & showrooms
- ✓ Made from hardened aluminium
- ✓ Available with toughened glass viewing panels or fully clad panels
- ✓ Designed to fit any application including low headroom areas
- ✓ Heavy duty weather strip seals out rain & wind
- ✓ All doors come with wind braces to support the panels
- ✓ Powdercoated to meet your needs

Roller Grilles™

FEATURES:

- ✓ Available in 2 attractive designs - Circle & Romany
- ✓ Provides security without obstructing your view
- ✓ Extensively used by the commercial sector
- ✓ Only available in a hot dip galvanised finish
- ✓ Lock mechanism can be barrel bolt, linze lock type or Xpanda rol-lock
- ✓ Can be chain operated, crank operated or fully automated

14

Rol-a-dor®

FEATURES:

- ✓ Constructed from 0.6mm to 1.2mm steel slats for maximum security for light & heavy industrial markets
- ✓ Operated by chain / gearbox / electric motor or push-up
- ✓ Comes standard with a barrel bolt or rol-lock facility
- ✓ Available in a wide range of UV resistant colours
- ✓ Heavy duty T-bar with combined weather seal comes standard
- ✓ Nylon friction guides reduce noise & allow easier operation of door
- ✓ Also available in aluminium, perforated & finestra

15

Sub-Station Doors[®]

FEATURES:

- ✓ Superior strength & security vs wooden doors
- ✓ Custom-made to fit any opening
- ✓ Unique weatherproof design
- ✓ Easily installed
- ✓ Hot dip galvanised
- ✓ Approved locking system
- ✓ Made from 1.2mm slats

Xpanding Barrier[®]

FEATURES:

- ✓ Enhances access control on roller shutter doors, business entrances / exits
- ✓ Promotes health & safety in the work place or retail environment when access control is required
